## BLAINE CRACKS VETO WHIP FOR HIS TAX BILL

### Jump Continent In Less Than 27 Hours

SAN DIEGO, Calif.—The official landing field, Whittier, of factories the T-2 would be unable to clear the time of the across continent non-stop airplane flight by Lieutenant Ogley G. Kelly and John A. MacReady, who flew from Hempstead, Long Island, to San Diego, as reported here, for minutes better than first announced. As first announced, the flight was to be made in 24 hours, 40 minutes and 15 seconds. The distance between the two cities is approximately 2,600 miles.

Arrive in Good Condition  
Both aviators were in good physical condition when they landed. The historic flight of the mighty T-2 transport monoplane began at Hempstead, N. Y., with Kelly at the controls. The T-2 cleared the hangar at the end of the flight field by inches, used up for elevation, and turned its blunt nose toward Rockwell field, its goal.

Nation Listens for Result  
The T-2 was awaited in every city, town and village. Throughout the long line of flight telegraph instruments during the afternoon and night told of the passing of point after point ahead of the tentative schedule announced in advance by the aviators. Following reports from cities in the east there came a few hours of silence. Then the plane was heard from at Dayton, Ohio, reported arrival time 8:55, eastern standard time. At McCook field a note from the fliers was picked up announcing that they expected to reach San Diego at noon. The T-2 had then been in the air a little more than six hours.

Motor Good at Indianapolis  
From Dayton to Indianapolis, where the T-2 descended last fall when forced down by motor trouble in a west to east coast flight attempt, was accomplished in fifty-five minutes. Here aviators from Schenon field circled about the monoplane and flashed word that the motor was running in perfect tune.

## CUNO GOVERNMENT IS NEAR COLLAPSE

### SOCIALISTS MAY MAKE BIGGER BID UPON REPARATIONS

Reported to be Considering Larger Offer to France if They Take Reins

BERLIN.—Flat rejection by the French of the German reparations offer is followed by a new bid by the German government. The German government is now considering a larger offer to France if they take reins.

### SUNDAY SPORT BILL PASSES ASSEMBLY; IS UP TO SENATE

Perry and Matheson Voice Opposition But Vote is 45 to 37

MADISON, Wis.—The assembly today passed the bill for the Sunday sports bill, which would legalize Sunday sports, shows, sports and public diversions. Assemblymen Perry and Matheson strongly opposed the bill, the former declaring it was backed by the moving picture interests and the latter holding that it was poorly drafted in that it did not apply to persons furnishing the amusement.

### BICYCLE RACES ARE POSTPONED TO DECORATION DAY

The bicycle races which were to be run off at the Fair grounds track Saturday have been postponed until Decoration Day, May 30th, because of the rough condition of the track.

## WHO'S LA CROSSE'S MOST BEAUTIFUL SHOP GIRL? TRIBUNE TO FIND HER

WANTED—only a shopgirl! She must be the most popular in La Crosse. When she is found she will win a fine reward. Every girl employed in a La Crosse shop or store is eligible. All that is necessary is for a friend to fill in a nomination blank and send it to a Tribune.

The nominations close at midnight, Thursday, May 10. The voting will start as soon as the nominations have been closed.

- Here are the rewards for the winner and the runners-up in the contest:
1. Choice of a diamond ring or wrist watch offered by E. W. Parker.
  2. Spring or summer frock, Fred W. Kruse Co.
  3. Choice of any pair of evening gowns and silk hosiery in Rivoli Shoe store.
  4. Majestic pass good for two people for a year.
  5. Majestic pass good for one person good for year.
  6. Majestic pass for two persons, good for six months.
  7. Majestic pass for one, good for six months.
  8. Majestic pass for two, good for four months.
  9. Majestic pass for one, good for four months.

La Crosse boasts of her beautiful girls. Her shops are thronged with lovely, intelligent, charming young women. And when the producers of Charles E. Blaney's Broadway success, "Only a Shop Girl," decided to show the film at the Majestic, the agents asked that the contest, the Tribune was asked to make the search for the most charming of them all.

### NOMINATION BALLOT

For Most Popular La Crosse Shop Girl.

I nominate:

Name and Address.

Place of Business.

In the La Crosse Tribune Most Popular Shop Girl Contest.

Name

Address

Nominations Close May 10, Midnight.

Clip and Send to Contest Editor, La Crosse Tribune.

## DALEY DEFENSE FIGHTING FOR CLIFFWOOD INN

Attorneys Cowie and Doherty Demand Place be Turned Over to Them; Keep Caretaker There

### GORDON REFUSES TO GIVE UP PLACE; GUARD PUT ON JOB

Mrs. Daley Held Without Bail for Circuit Court on Murder Charge

MRS. KATE DALEY was examined in county court Friday morning on a charge of murder in the first degree in connection with the slaying of her husband, Chicago Jack Daley, and was held without bail for trial in circuit court by County Judge Brundley.

Only one witness was called by the state, Dr. Matt McGarty, and none by the defense. The sudden termination of the state's case by District Attorney Gordon caused much surprise and speculation in the courtroom. R. S. Cowie and John Doherty defended Mrs. Daley. Dr. McGarty was cross examined by Mr. Doherty.

Defense Seeks Possession  
The examination of Dr. McGarty in the Daley case occupied the spotlight for a few minutes and interest in it was cooled within a few minutes after the case was closed by the demand of the attorneys for the defense that the Cliffwood Inn property be turned over to the defense. Mr. Gordon declined, saying that he intended keeping possession of the premises.

"We want the keys to that place," demanded Mr. Cowie. "You have locks on all the doors. If you don't open them we will."

"I won't open them and neither will you," retorted Mr. Gordon. "And if you try to I will be there myself this afternoon to see that you don't."

"Well, you want to bring someone else with you if you try to keep me out," said Mr. Cowie's comeback.

Sheriff Places Guard Over Inn  
"You are not going to try to break in are you?" inquired Mr. Gordon. "We are not going to break in," said Mr. Cowie. "You are the one who has broken in."

Sheriff Lund was immediately instructed to maintain a guard over Cliffwood Inn and permit no person to enter who was not authorized to do so by the district attorney.

Mr. Gordon contends that the room in which Daley was shot is evidence and that perhaps there is other evidence in the house and that he intends to keep the premises as evidence.

"What if this case isn't tried until next November?" asked Mr. Cowie. "Will the district attorney keep that?" (Continued on page six)

## UNIVERSITY, NORMAL AND OTHER APPROPRIATIONS FACED WITH REFUSAL

### Assembly Votes To Kill State School Board

MADISON, Wis.—The assembly Friday passed a bill abolishing the state board of education, thus reversing its action of two weeks ago when by a margin of one vote it declined to concur in the measure.

The vote was 49 to 32. The vote was taken after Speaker Dahl had ruled out as not germane the Miller substitute amendment proposing a substitute board to supervise all teacher training.

Efforts to amend the bill or defer consideration were defeated. Many assemblymen took the floor during the hour and half debate on the bill, and charges of political maneuvering were numerous.

### WILL VETO BILLS FOR FUNDS RAISED BY MILL TAXATION

Governor Declares Administration is Committed to Shift to Income Taxes

### LETTER FINAL COUP FOR FORCING THROUGH TAX BILL

Follows Heated Session of Finance Committee Thursday

MADISON, Wis.—Governor Blaine goes into conference with representatives of the socialist delegation Friday afternoon in a last effort to line up votes for his tax bill. The socialists expect that he will play every card for their three senate ballots, the controlling factor in the upper house on tax legislation.

The governor is using every power within the scope of his office to force favorable action on the measure he drafted and is sponsoring. His threatened veto of appropriation bills unless the bill is passed is said in the legislature to be almost unprecedented.

## LABOR LEADERS AND C. OF C. OFFICIALS URGE IMPROVEMENTS

Joint Conference Agrees on Program to Recommend to the Common Council

### MAYOR VERGHOTA RECEIVES COMMUNICATIONS BY MAIL

Building Code and Comfort Stations are Recommended

Representatives of the Trades and Labor council and Chamber of Commerce have agreed to a comprehensive program of improvements in the city to be recommended to the common council according to communications received by Mayor J. J. Verghota. The conference was attended by officers and union heads of the Trades and Labor council and officers and directors of the Chamber of Commerce.

The recommendations of the joint conference follow:  
Enact an ordinance providing a building code for the city. Adopt an ordinance requiring building permits. Secure enforcement of city ordinances, particularly of traffic, sign and billboard ordinances.

Provide comfort stations for the city.  
Enact an ordinance to compel bicycles and horse drawn vehicles to use tail lights.  
Improve the streets across railroad tracks.

Secure utilities to replace paving in excellent condition.  
Maintain the bicycle path on the causeway in good condition.  
Keep toll off the bridge over the Mississippi river.

## ORDER GERALDINE'S SUIT FOR DIVORCE RE-TRIED BY JURY

NEW YORK.—Geraldine Farrar's divorce suit against Lou Tellegen, her actor husband, which had been nearly completed before a referee, must be retried before a jury, the appellate division of the supreme court ruled Friday, in order that Miss Stella Larimore, one of the co-respondents named by the diva, may have an opportunity to clear her name in public.

## RAIN SAVES COTTAGES

LITTLE FALLS, Minn.—A severe rain and hailstorm early Wednesday was all that saved a number of lake cottages on the southern shore of Lake Alexander, near here from destruction from fire. A huge brush fire rapidly approaching the lake shore was within a mile of the cottages.

## BRIDE IN TEXAS, GROOM ON COAST, WED BY TELEPHONE

FORT WORTH, Texas.—Miss Helen Leona Satterwhite, sitting at the telephone office in Fort Worth, was wedded to Horace William Keller, critically ill with pneumonia in the naval hospital at Bremerton, Wash., Thursday morning by a long distance ceremony. Justice of the Peace Hughes, sitting beside the bride here, officiated at the ceremony, getting the verifications from persons in the sick room of Keller.

## FOREST FIRES DO GREAT DAMAGE IN SEVERAL COUNTIES

Dozens of Fires are Sweeping Through Woods in this Section of the State

Dozens of blizzards, forest and field fires, started during an excessively long dry spell, unprecedented at this time of the year, are sweeping over thousands of acres of land in western Wisconsin.

The most serious fires are those in the timber land up in the country around Millston, twenty miles north of Tomah. Many of these fires were started by trout fishermen who carelessly threw lighted butts of cigarettes and cigars on the ground along the streams. Camp fires which spread over the ground while fishermen were absent started other fires.

In the vicinity of La Crosse blizzards can be seen in all directions at night.

Thus far no buildings have been burned in this vicinity, although in a number of instances farmers have had a hard job fighting the flames to save their buildings.

The greatest damage has been done to second growth timber. Hundreds of acres of good timber in La Crosse, Monroe, Jackson and Trempealeau counties have been badly damaged by fires during this week, according to reports brought in by trout fishermen. Many miles of fences surrounding wood lots and fields have been badly damaged or ruined in this part of the state.

Farmers are praying for a soaking rain, not only to extinguish the fires, but to start the growing season, which is two or three weeks late.

## SHORTER HOURS AT BETTER PAY GIVEN ASHLAND IRON MEN

ASHLAND.—Practically every employee of the Ashland Iron company of Ashland has been granted shorter hours and more pay effective May 1, if it was stated Friday. All men on twelve-hour shifts, go on eight hours a day and an extra shift at work. The ten-hour shift for certain workers was shortened to nine hours.

## 220,000 ACRES OF OREGON LAND OPENED TO VETERANS

WASHINGTON, D. C.—A tract of 220,000 acres of public lands in Coos and Douglas counties, Oregon, was thrown open to entry by former service men Thursday. Entries will be restricted to 160 acres and after ninety-one days will be thrown open to the general public.

(Continued on page six)

# AMERICAN PUBLIC INVITED TO ENJOY PARKS OF NATION

Preparations Being Made by National Park Service to Handle Many Visitors

WASHINGTON.—Preparations to handle a million and a half visitors in the national parks this year have been made by the national park service.

Public camp grounds for the motor camper are being extended; hotels and permanent camps are increasing facilities for handling visitors, and the transportation lines are adding much new equipment.

In announcing the opening and closing dates for the parks, Secretary Work of the Interior Department sends the following invitation to the American people:

"With a lavish hand nature has moulded throughout our land the most magnificent and awe-inspiring scenery, surpassing in beauty and grandeur that offered by any foreign country. These spots—our national parks—have been set aside by the American government to be maintained untouched by the inroads of civilization so that you and your children may enjoy them.

Playgrounds of People

"Roads have been built through deep-cut canyons, across towering mountain ranges, beside rippling streams filled with fighting trout, and into primal forests. Hotels and camps have been erected to provide comfortable accommodations in the most distant and inaccessible places. Free camp grounds have been provided for those who wish to bring their own equipment and camp out. These unspoiled bits of native America are for you. They are the playgrounds and the recreation parks of the people. To visit them and see them is to inspire pride and make more real your love for America. In the name of the government I invite you to be its guest."

The opening and closing dates of the park seasons are:

Park	Opening	Closing
Crater Lake, Ore.	July 1	Sept. 30
General Grant, Cal.	May 21	Oct. 10
Glacier, Mont.	June 15	Sept. 15
Grand Canyon, Ariz.	Open all year	
Hawaii, H. I.	Open all year	
Hot Springs, Ark.	Open all year	
Lafayette, Me.	Open all year	
Lassen Volcanic, Cal.	June 1	Sept. 15
Mesa Verde, Col.	May 15	Nov. 1
Mt. McKinley, Al.	July 1	Sept. 15
Mt. Rainier, Wash.	June 15	Sept. 15

Plant, Okla. .... Open all year.  
Rocky Mt., Col. .... Open all year.  
Sequoia, Cal. .... May 21-Oct. 10  
Sully's Hill, N. D. .... June 1-Sept. 30  
Wind Cave, S. D. .... June 1-Sept. 30  
Yellowstone, Wyo. .... June 20-Sept. 20  
Yosemite, Cal. .... May 15-Oct. 15  
Zion, Utah .... May 15-Oct. 15

Good Fishing Provided

Planting and restocking of waters in national parks promise one of the biggest fishing years on record, according to department officials. The streams and lakes are expected to be teeming with trout and other game fish when the season opens, and parks are thrown open to anglers.

A bulletin issued by the Interior Department which is available for the asking, describing the nature of the fishing, the regulations on catch, fees and other data, has recently been compiled for the national park visitor.

HALF OF BREWERIES ALIVE

WASHINGTON, D. C.—Half of the 1,250 breweries in operation when the Volstead law went into effect are doing business, mostly in manufacturing non-alcoholic beverages, according to figures of federal prohibition Commissioner Haynes.

A French inventor in his determination to walk on the water has devised a canoe-shaped shoe, one of which supports each foot as he glides over the surface of the water.

Now, a Quick Quaker Oats

Cooks in 3 to 5 minutes

The quickest cooking oats in the world

Now your grocer has Quaker Oats in two styles. One the kind you have always known—the other is Quick Quaker.

Quick Quaker cooks in from 3 to 5 minutes. And it cooks to perfection. So it is almost like a ready-cooked dish.

No other oat flakes on the market cook anywhere near so quickly.

The two styles are identical in quality and flavor. Both are flaked from the finest grains only—just the rich, plump, flaky oats. A bushel of choice oats yields but ten pounds of these delicious flakes.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Ask for Quick Quaker if you want this style. Your grocer has both. But always get Quaker Oats for their delightful flavor.

# AUSTRIAN FINANCES NOW ON FIRM BASIS

More Done in Few Months to Stabilize Currency Than in Past Fifty Years

LONDON.—More has been accomplished to place Austria on a sound financial basis in the past few months than could have been done in 50 years without outside aid. The league of nations has accomplished this, and the results of its efforts have been called miraculous by the leading financial experts of Europe. The Austrian committee of the league, reporting recently

to the general council, made these statements:

Not only has the money of the country been stabilized, but it has been possible to arrange for the floating of an external loan, 92 per cent of which is covered by government guarantees and the remaining seven per cent to be provided by other nations. London financial houses have expressed the opinion that the loan could be raised within a very short time, and virtually all of it in England.

It is an important fact that, in addition to facilitating the loan, the allied powers and certain of Austria's neighbors are entering into commercial agreements with her designed to end the fatal isolation which has been in force since the war.

The Austrian chancellor, Dr. Seipel, said recently that the attempt to re-

store his country's economic life would have been doomed to failure at the outset if undertaken by any organization other than the league of na-

tions. He cited as proof of returning confidence the fact that more than 90,000,000 gold crowns had been raised internally during the last five months. Not a fraction of that sum would have been subscribed had not the hopes of the people been raised by the work done at Geneva.

IT'S A \$5 Newark

one of forty styles of rare charm and exclusiveness for particular women.

Ask For No. 6552

The always popular Black Patent Leather, one strap, new novelty perforation in side; new small tongue with black suede overlay; celluloid covered military heel.

See Other Wonderful Styles \$3.50 to \$5

Where, in all your experience, have you seen such low prices in footwear at \$5.00? Isn't it enough to make you resolve to buy a pair and learn as have thousands of smartly dressed women, that it isn't at all necessary to pay \$7.50 and \$10 for real style and quality?

The Newark Shoe Stores Co.  
423 Main St., La Crosse, Wis.

# For Real Service Buy Red Crown

The High-Grade Gasoline

Gasoline Service is expressed in terms of mileage. When you buy 10 gallons of gasoline, in reality you are buying 150 miles of service, if you get 15 miles to the gallon.

Gasoline becomes a propelling force only when you cause it to vaporize and mix it with air.

The service which you receive is in exact ratio to the manner in which the gasoline vaporizes.

# Red Crown Vaporizes to the Last Drop

that's why there is no waste. Red Crown has a Perfect Chain of Boiling Point Fractions, adjusted so as to vaporize at just the correct temperature to produce instant starting Winter or Summer—a quick pickup—smooth acceleration—tremendous sustained pulling power—racing speed if you want it and a maximum of mileage.

All of which is summed up in two words "Real Service".

Buy Red Crown At the following Standard Oil Service Stations:

No. 2 Causeway  
5th and State Sts.  
St. Paul and Caledonia St.  
12th and Jackson Sts.

And the following Filling Stations and Garages:

Fox Bros. Garage, 205 State St.  
E. L. Stuber, 1812 State St.  
Hickisch Grocery, 828 Vine St.  
Schmohl's Service Station,  
Corner of Rose and James Sts.  
Wisconsin Motor Company, 325 Jay St.

Standard Oil Company, La Crosse, Wis.  
(Indiana)

## Wash Goods

Those soft Voiles are going to be a comfort when the weather is hot and you should prepare NOW. Small neat designs or fancy Oriental ideas. Stock complete now, at per yard—

50c up to \$2.00

## Linen Section

Here is a most out of the ordinary bargain in a pure linen Crash—Scotch make—full width, heavy weight. The BEST bargain in a Crash we have offered in seven years. For Saturday the price will be only per yard—

25c

## Trimming Section

So many trimmings being used and we have a wonderful showing in every kind of trimming. Ornaments, Bands, Garters, Alfovers, Brocaded Metal Cloth, Cords, Braids, Tassels and we can accommodate the price you wish to pay.

# Barron's

In the Great Ready-to-Wear Section

## Blouses -- Overblouses

Canton Crepe, Crepe de Chine—white, navy, black, and the wanted Spring shades—

\$5.00 to \$25.00

A beautiful assortment of hand-made Voile Waists, tailored, full length sleeve, tuxedo and Peter Pan collars, self and lace trim—

\$5.00 to \$12.50

## \$7.50 for a Hat

A Hat for \$7.50—in itself that is not an out-of-the-ordinary statement, but we claim these Hats are better than ever shown in this section.

(Hat Section on the Second Floor)

We ask your comparison on price, style, material and general value.

Third Floor—Rug and Drapery Section

## GOLD SEAL Congoleum REMNANTS

350 SQUARE YARDS.

In sizes of 6 feet by 6 feet to 6 feet by 16 feet. There are only two patterns so enough pieces can be had to cover a large room. While the lot lasts, at square yard

50c

CONGOLEUM RUGS

Gold Seal quality, 42x9 ft. size, special at each \$3.00

## Fancy Ribbons

Your summer frock should have a bit of gay color, so why not have a bow, streamer or girdle of a pretty bright narrow ribbon? You will find striking colors and novel designs in our stock of narrow fancies.

### POWDER PUFFS

A small item but an important one. We have the Gainsborough Puffs.

### HOUSEHOLD APRONS

Pretty because they are made of pretty colored cretonne combined with black, practical because they are rubberized.

## Hosiery Section

Going walking? Going riding? For wear with knickers, heather, maple, gray, fine quality wool or silk, and wool Hose, with fancy roll tops, at only—

\$2.25

Elegant quality.

Going stronger than ever, that pure Silk Hose for ladies, full fashioned, at—

\$1.50

4 pairs for \$5.00

Get more than your money's worth.

## LET NO MAN DECEIVE YOU

Let no man deceive you with vain words, for because  
of them the wrath of God upon the children of disobedience is revealed.

## Tikhon's Knell

NO DOUBT there are people who, having read how the soviet government of Russia officially sneers at and flouts religion, burns Christ in effigy, ridicules church observances and slays priests and bishops, found themselves somewhat mystified at the news of an "all-Russian" church convocation in Moscow which officially praised the soviet government and declared Lenin to be "very dear to the church." If they recalled how the Patriarch Tikhon, head of the Russian church, defied the soviets to the point of accepting imprisonment rather than surrender the defense of his flock, they will wonder how a church convocation came to unfrock the courageous old man after a trial in which he was not even present.

The explanation is simple. Unable to destroy religion in Russia, the soviet government is attempting to gain control of it for its own ends. The "all-Russian" convocation at Moscow is, like the all-Russian soviet, a handicapped body of men selected for their subservience to the communist party. Metropolitan Antonin, the leader, is a clergyman who was in disgrace before the revolution. He was selected for his post by the soviet government, and no secret is made of the fact that he was expected to break up the church and found a new organization which would be obedient to the communists instead of defiant. It was Antonin who led the fight against Patriarch Tikhon. He represents nothing in the religious life of Russia but communist political influences. His program of reform is a program of decay and destruction.

That a convocation in Moscow, the stronghold of sovietism, a convocation dominated by Antonin, should unfrock Patriarch Tikhon means little as to the real state of religious sentiment among the Russian people. Tikhon is in a soviet prison in Moscow. Clergymen faithful to the tradition of the Russian church, would not have attended a convocation called by Antonin. What friends Tikhon and the old order might secretly have had among those in attendance would not dare to speak their minds in Moscow. So the whole proceeding must be considered largely a farce, doubtless staged by the communist government for the purpose of affording them some color of excuse for their dealings with Tikhon.

It may be said that things look black for the venerable patriarch. In prison, at the mercy of his enemies, he is about to be tried for his life. It is ominous that before his trial occurs he should be declared unfrocked by a hastily summoned rump convention of communistic clergy. Such a decree, of course, carries no particular validity. But it has a meaning, apparently. One gathers that the soviet will now find it less troublesome to explain the vengeance it contemplates taking against the only man in Russia who has dared to stand up and fight it since the November revolution of 1917.

## Puzzle

PICKING up an economist's report by mistake for a fiction magazine, a reader notices that American exports of foodstuffs and partly finished manufacturing materials gained twenty-five millions dollars in February, compared with February a year ago.

The reader says this elated him so much, he read on. Then he learned that while the value was up (dollars), the physical quantity of exports (tonnage) dropped six per cent. The reader wants to know whether exports rose or fell. It depends on the viewpoint.

Fluctuations in our foreign trade are chiefly due to changes in prices. The total tonnage rarely moves far above or below normal.

## Gunplay

THE police commission in Victoria, B. C., Canada, wants crime films suppressed, claiming that gunplay in the movies is largely responsible for crime wave among boys. One thing about the writers of the old-time melodramas and Nick Carters, they always have the villain come to grief and pictured him so that the audiences bished. It was against pro-

fessional ethics to idealize any form of crookedness or even give it an element of alluring romance. The writer or producer who makes crime "cute" or heroic is a valuable ally of the underworld.

## Theatrical

OCCASIONALLY a critic with a lazy liver moans about America not being able to produce any art—our best plays coming from abroad, and so on. It rather bewilders us to pick up the London Daily Mail and find its critic, Gordon Street, lamenting that London theaters are playing twenty-two home-made plays, against seventeen imported ones. He is alarmed because "the United States is an easy first where dramatic importations to this country are concerned." Distance lends enchantment.

## Tom Sims Says:

Perhaps the women are wearing loud shoes this season to keep their feet from going to sleep.

With malaria starting, this is the time for all good lemons to come to the aid of their country.

Crops may be late this year because there is no rail strike and watching trains takes time.

If you want a man to feel at home, let him pull his shoes off and kick about the grub.

There isn't any harmony in some families because everybody is trying to do a solo.

When a girl says she is blushing these days you have to take her word for it.

Many a young daughter resembles her mother because they dress alike.

Days are so long now you can see three picture shows before dark.

None of the men who would make perfect husbands are married.

When two young people get their heads together they are dancing.

Nothing makes you see things in a different light like a May moon.

A rosebud mouth is fine, but don't forget that rosebuds open.

It will soon be time to start liking winter better than summer.

The only spring suit some of us can afford is a suit of underwear.

"Roll your own" is a fine slogan, when it comes to bank rolls.

A heavyweight has a fat chance of keeping cool this summer.

Only thing some people save for a rainy day is rheumatism.

All fishermen may be liars, but all liars are not fishermen.

A friend is a man who curses the same people you curse.

Wouldn't it be great if money circulated as fast as rumors?

Perhaps it costs more to live now because we have more.

Looking good never counts as much as making good.

## In Ye Olden Times

## TEN YEARS AGO TODAY

Mrs. Abby Burton returned this morning from her trip abroad. Her daughter, Mrs. Andrew Lees, met her at Chicago and returned with her.

With fifty-seven charter members, a La Crosse branch of the Federation of Catholic Societies is to be formed in St. Joseph's school hall this evening. The aim of the federation is to promote harmony and mutual work among all Catholic organizations.

Unknown fishermen have repeated the annual outrage in Pettibone mark lagoon. Under cover of darkness last night the lagoon was seized. The poaching was discovered today by La Crosse people who were in the park. The banks of the lagoon were lined with hundreds of dead croppies and other game fish which the fishermen overlooked in the darkness.

A considerable drop in butter and eggs was noted on the wholesale market this morning. Creamery butter quoted at 23c to 31c and dairy at 20c and 37c. Eggs are quoted at 15 1/2 for firsts and 14c for seconds.

## TWENTY YEARS AGO TODAY

Her wedding ring, a plain gold band but a priceless possession, lost more than four months ago, was yesterday recovered by Mrs. Nicholas Rice of Mill street in a manner which outshadows all the tales of the Arabian Nights. Yesterday Mrs. Rice gave a party and several fat chickens were slaughtered for the feast. In the glizzard of one of the hens Mrs. Rice found her lost ring, unharmed and as good as ever.

A petition is being circulated in Onalaska favoring the granting of a franchise to the La Crosse Gas and Electric company to extend their wires to that city.

Thomas Thompson and family of Onalaska are leaving for Huron, S. D., where Mr. Thompson is to engage in the clothing business. He has been in the clothing business in Onalaska for the past twenty-five years.

Wm. McLinden of the Cullum-Husher company has returned to his home in this city while the company seasons at Tacoma.

There will be three new bowling alleys on George street about May 6.

## THIRTY YEARS AGO TODAY

Mrs. Moritz Gutman and children departed yesterday for Chicago where they will make their future home.

Frank Powell has been appointed city engineer to succeed Homer Crosby who resigned.

O. Elbertson intends erecting a new residence on Division street between Seventh and Eighth on the old site of the Norwegian Methodist church. Architect Roth is drawing the plans.

The wedding of Mr. Alfred C. Tomterud of the Varden, and Miss Clara Drogseth of Sparia, occurred last night at Lidenokken hall. Rev. O. Vik of the Norwegian Evangelical Lutheran church, performed the ceremony, which took place at eight o'clock. The couple will live at 629 South Eighth street.

Fred McLaughlin of Central Holy Company has gone to Newton, Kansas, to live.

Rev. Father Pompe, pastor of St. Francis Hospital, has gone on a visit to his old home in Holland. He will return in September.

## The Angelic Miss Nelson

When Mrs. Lawrence went abroad for a year and left her little hillside cottage to her nephew, Fred Gray, to occupy as he chose on vacations, holidays and week-ends, she had given him no end of directions and explanations. There was enough coal and wood to keep fires for cold weather and week-ends and holidays; there were several dozen jars of preserves and jams in the store closet and the key to the store closet was under the old blue rag in the china closet—the china closet key hanging on the inside of the old door of the old grandfather's clock—that didn't run—in the dining room. There were good enough stores in the village, fifteen miles off, and an itinerant provision dealer, Mrs. Brown, the farmer's wife, made excellent pies and bread and she would, if you approached her tactfully, do washing for you, and be glad of the chance.

"And your next door neighbor—do get acquainted with her. She's that angelic Miss Nelson. I told you about her kindergarten to the city, but spends holidays and vacations in the little cottage on the hill. She was so good when I married my wife, she was a young girl, but perfectly angelic."

Fred had a prejudice, retained no doubt from his childhood days, against all school teachers, especially kindergarten teachers. Moreover, if his aunt, Mrs. Lawrence, had really wanted to predispose him in favor of his country neighbor she should not have used that adjective. Angelic! She would probably begin trying to dissuade him from pipe smoking the second time she ever met him. He gave her a chance to meet him at all, she had to be very blonde and her voice would be very mild—Fred had a perfectly clear picture of her in his mind's eye. He didn't like the subject much, though, however, save to carry with him when he went to the little hillside cottage. He didn't want to go there to visit his neighbor's cottage under any circumstances.

"If you want to borrow anything in an emergency," his aunt had said, "quite determined to talk about this angelic creature, don't hesitate to ask Miss Nelson. She's the most obliging creature in the world. I've told you you're coming occasionally, so she'll be prepared."

It didn't seem to Fred Gray that he could possibly want to borrow anything. It seemed, in fact, that the one thing he needed was the perfection of the cottage arrangement to that there were too many things about, too much equipment. But one day Fred made up his mind to try and find out all about it. He was not a very bold fellow, but he had been made by one of the older boys at a camp he had once attended. He was expecting for a week or so that he would be invited to a week-end of the party on this camping expedition and he occurred to him that he'd best practice the fine art of flapping before he served it to his guest on the following Sunday morning.

So Fred, the better according to directions in the recipe book his aunt had left, he found the cottage arranged so perfectly. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom.

He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom.

He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom.

He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom.

He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom.

He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom.

He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom. He found the kitchen, the dining room and the bedroom, and he found the bathroom.

## OUT OUR WAY

## Investigate Before You Invest—Warns Babson

Statistician Says \$500,000,000 Lost Every Year on Bad Securities.

WELLESLEY HILLS, Mass.—"Eighty out of every hundred new concerns are doomed to fail before they start," according to a statement issued today by Roger W. Babson who has just returned from a tour of inspection.

"Everywhere I go," says Mr. Babson, "people ask me to look at their lists of 'investments' and it is usually depressing business. I do not know why men who are keen in business, who work hard to earn and save, will turn their savings over to a comparative stranger or 'invest' them in a stock or bond that they know little or nothing about—not why men of means who should be somewhat experienced in matters of investment insist on buying promotion stocks."

"A recent investigation made by my associates shows that eighty out of every hundred concerns go through at least one re-organization. This means a loss and possibly an assessment for all stockholders. The man who buys promotion stocks—the stocks of concerns not yet established on a paying basis—therefore has eight chances out of ten to lose, but two chances out of ten to maintain his equity and less than half that to make any money. These stocks should only be bought by those who realize these facts and who can afford to lose."

"Stocks and bonds of questionable value cost the American public about \$500,000,000 a year—and the bill is paid by those who can ill afford to pay it."

"Get-rich-quick—take a chance—Columbus did!" arguments of the typical fly-by-night stock promoter appeals to the cupidity of the average man who does not stop to reason as he would if he were doing anything but investing his money. He does not seem to realize that if the proposition were such a sure-fire millionaire maker as it seems, that there would be no necessity for peddling it out in small lots to raise the necessary money to go ahead."

"I feel so keenly about this matter," continued Mr. Babson, "that I am going to risk repeating several things that have been said before. If you are making an investment—be it a hundred or several hundred dollars—be sure of the man and the firm to whom you turn over your money. It is a good plan to deal with only the most reputable houses. When in doubt ask your banker. He will give you an unbiased report. If there is any question as to standing or record—don't do it!"

"In selecting securities for safe investment, buy stocks and bonds of established businesses, preferably those which have been through years of existence and have managed to survive all sorts of business weather. If you must speculate, there are several hundred listed stocks of such concerns traded in on the stock exchanges. Buy securities of known and recognized value. When you are selecting bonds for income, you have several thousand sound issues sponsored by the reputable bond houses of the country and backed by ample security. Over a thousand of these are listed and traded in regularly."

"Do not play favorites. Diversify your list of holdings as broadly as possible. Spread your securities over many lines of industry and as many different sections of the country as possible. Then no single accident to one concern and no extreme depression in one locality can seriously affect your position. If you can't follow these three rules," concluded Mr. Babson, "I advise you to take your money to the nearest savings bank and leave it there for safe keeping."

General business continues strong in spite of the propaganda that is being spread in an attempt to depress stocks. The index of the Babson chart shows general activity at four per cent above normal, an increase of one per cent over last week.

## Gold Mine a Mile Deep

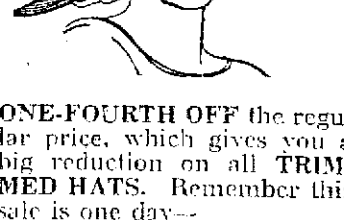

The St. John 1st Day Mine 150 feet for every 120 feet in the depth. The gold until the workings are a vein and at the lowest level, 6426 feet, the temperature of the surrounding rock and a quarter below the earth's surface is 118 degrees Fahrenheit.

## WOMEN OF ENGLAND DETERMINED TO WIN DIVORCE EQUALITY

Would Amend Law to Give  
Women Same Right to  
Divorce as Men

LONDON.—Since English women were given the vote some notable victories have been gained for causes in which women are particularly interested. But there is still much fighting to be done and victories to be gained. Their militant leaders say. Before they can claim to have won the great contest for equal rights in which they enlisted long ago, one of these battles is expected to be fought in a final parliament session. Its legislative designation is the Matrimonial Causes Bill, and it seeks to amend the existing law of divorce. It aims to give a wife the right to divorce her husband on the same ground that he can divorce her.

As the law stands now in England the husband can divorce his wife for adultery. But a wife may prove her husband guilty of adultery a dozen times over and she will not stand a ghost of a chance of getting a divorce, unless she can prove him to have been guilty also of cruelty.

"There are three reasons why this bill should become law," says Mrs. Wintlingham, who is supporting the measure in the House of Commons. "First, it is only a matter of equity and justice between a husband and a wife. Second, it received the support of an overwhelming majority in the House of Commons on the occasion of its second reading, and, third, the removal of the inequality is demanded almost universally by the women of this country."

England lags far behind most civilized countries in regard to giving men and women equality of treatment with regard to divorce. As Mrs. Wintlingham points out, that equality is accorded in Austria, Bulgaria, Denmark, Germany, France, Norway, Holland, Russia, Sweden and Rumania, in most of the British colonies, and in the United States.

"The great support the bill is receiving," adds Mrs. Wintlingham, "is perhaps due to these facts. First

and foremost, we must take account of the power of the women's vote. Women have only two representatives at the present who sit in parliament, but that by no means is the measure of their political power. It is vastly greater. No party can now afford to disregard women's votes.

"Then it has to be borne in mind that there is a growing tendency today to consider the woman's point of view in all matters relating to questions of equality between the sexes. There is evidence also of a growing desire among a certain section of the community, both of men and women, that women should rank equally with men in domestic life and take an equal responsibility."

Modern fire-fighting methods in the forests of the northwest have resulted in the replacing of wooden observation towers with steel structures.

The surface trolley line of Chicago is the largest street railway system under a single management in the United States.

## PLANS SERMONS ON MODERN PROBLEMS OF HOME AND FAMILY

Rev. Carlos C. Rowellson of the First Congregational church, is preparing a series of sermons for May on "The Problems of the Modern Home." The individual topics are as follows:

May 6—"The Child."  
May 13—"Mother's Day" "The Mother."

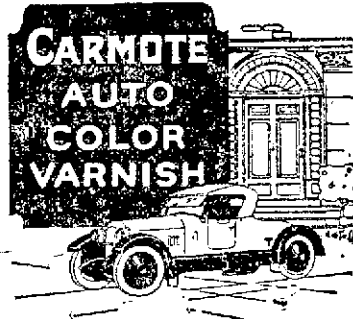

May 20—"Recreation."  
As these topics are held to be of the widest interest to the thoughtful people of the community, a general invitation has been extended to the public to hear the sermons.

## KELLOGG'S BRAN gives permanent relief

**because it is ALL BRAN!**

With the most dangerous diseases close on the trail of sufferers from constipation, there's no time to waste on foods with a low bran content! The one answer to constipation is BRAN that is ALL BRAN! That's why you should eat Kellogg's—and eat it regularly; at least two tablespoonfuls daily; as much with each meal in chronic cases! KELLOGG'S BRAN IS SCIENTIFICALLY PREPARED TO RELIEVE SUFFERING HUMANITY AS NO OTHER FOOD CAN!

Don't delay a minute! Get started on Kellogg's Bran to-day and your health will steadily improve and bowel conditions return to normal, no matter how long you have suffered with constipation, mild or chronic.

Remember that Kellogg's Bran is not an artificial laxative, but nature's own bulk food that acts as sweeper, cleanser and purifier. Its work for health is wonderful! Besides, bran contains the most valuable mineral salts and other life-sustaining ele-

ments—it is a blood maker and bone and tissue-builder!

Kellogg's Bran, being cooked and krumbled, is delicious eaten as a cereal, or sprinkled on hot or cold cereals. Another happy way to serve Kellogg's Bran is to cook it with your favorite hot cereal. In preparation, add two tablespoonfuls of bran for each person, cooking the cereal as usual.

You can make the most delightful muffins, raisin bread, pancakes, macaroons, etc., with Kellogg's Bran—and it's fine in gravies, soups and purees.

The big thing is to get started on Kellogg's Bran quickly—for the sake of the health of your entire family—AND SERVE IT REGULARLY! First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant!

All grocers sell Kellogg's Bran.

**Kellogg's**  
the original BRAN  
— ready to eat

## Million-Dollar Tips, On Making Good Candies

CHICAGO.—"When people ask me how to succeed I answer in terms of candy: You cannot make good candy unless you use good ingredients, and you cannot make a success of life unless you put into it the best there is in you."

This advice comes from Mrs. Ora Snyder, "America's Candy Queen," who has made an initial investment of five cents grow into a million-dollar candy business in 13 years. Mrs. Snyder is writing a score of recipes for "Mrs. Snyder's Home-Made Candies" for readers of the La Crosse Tribune.

"For example," says Mrs. Snyder, "the best substitute for butter, in making candy, is—butter! And if a recipe calls for cream, you should use cream; milk will not do." Mrs. Snyder's monthly bill for the one item of cream is \$10,000.

She gives other hints to home candy-makers:

"Use aluminum kettles, as they are not so likely to burn."

"In cooking fudges, caramels and pralines, use a kettle large enough to permit lively boiling without running over."

"Use a square layer cake pan in which to mold candy before cutting, and be sure to butter the pan well."

"Too much flavoring is worse than not enough."

"Never add flavoring while candies are being cooked, as the alcohol in

the mixture evaporates, detracting from the flavor."

"Candy must cool quickly; a marble slab is best for cooling."

"Never make a large batch of candy and try to cool it on a small platter."

"Don't put candy in a refrigerator, as it will absorb the moisture."

"Candies containing cream, butter or molasses should not be cooked on too hot a fire, or they will stick to the kettle."

"Stir gently candies with cream, butter or molasses as ingredients; violent stirring will make them 'sugar'."

"In making peanut candy use the raw unblanched Virginia peanuts."

"If your fudge becomes too hard, don't cook it over again, but add creamed butter and knead it until right."

"Let chocolate or divinity fudge cool for 10 to 15 minutes before beating, so it will be below 200 degrees; otherwise it will 'sugar'."

"Candy has reached the soft-ball stage when a few drops in cold water will hold together so you can roll them between the fingers; the hard-ball stage when a few drops will form a firm ball in cold water; the brittle stage when a few drops in water will form brittle strings."

"Above all, don't attempt to make candy until you have read the recipe carefully, have all the ingredients assembled, and have the proper utensils thoroughly cleaned at hand."

## Society

### FLORENCE HULTS IS GUEST OF HONOR AT PRENUPTIAL SHOWER

MRS. THEODORE DE RANITZ, 1215 Jackson street, entertained at a miscellaneous parcel shower Tuesday evening complimentary to Miss Florence Hults, a day bride. The evening was most delightfully spent with the music, while Miss Emma Frider furnished numerous humorous recitations. The guest of honor was showered with beautiful as well as practical gifts, after which refreshments were served. Those present were the Misses Florence Hults, H. T. Chamberlain, Elsie Halverson, Ruth Foster, Mabel Paulson, Lillie George, Susie West, Erna Hults, Mabel Peterson, Nina Salchberger, Mrs. Kervin, Eleanor Fry, Mary Ottomier, Elizabeth Huber, Mayme Hynes, M. Schwartz, Emma Prosser, Isabelle Schreiber, Gertrude Hedon, Louise Stritt, Rose Smith, Lucile Ottomier and Mrs. Ella Beardsley.

THE THIRTIETH wedding anniversary of Mr. and Mrs. C. A. Tostad, 827 South Fourth street, was most unexpectedly celebrated Thursday night when the members of the choir of our Lutheran church appeared in a body at their home following rehearsal. The remainder of the evening was most merrily spent, interspersed by musical numbers.

### Household Suggestions

**SICKLY BERN.**  
When a fern begins to look sick it is best to repot it. The general practice is to keep a fern in the pot and the soil becomes soggy and sour.

**COOKED CELERY.**  
Cooked celery makes a very delicious relish and a welcome change. Wash two or three heads and cook in a boiling shuck of salt stock for 20 or 30 minutes. Serve with a thickened gravy.

**OLD LEATHER BOOKS.**  
Old leather books that look musty and unclean may be freshened by rubbing them with a cloth dipped in olive oil.

**PREVENTS RUST.**  
To prevent the gas stove, or the in case of the oven, from rusting rub it with a cloth dipped in linseed oil.

**NEW BROOM.**  
Do a new broom in soap suds to freshen it to the plants will not break.

You'll not smell like Cleopatra after a Blue Devil bath, but you will be sweeter than Cleo ever was. — Adv.

## MODES FROM ROYALTY'S TROUSSEAU

LADY BETTY'S WEDDING GOWN AND TWO FROCKS FROM HER TROUSSEAU

LONDON.—Marriage made. Lady Betty the Fourth Lady in England and elevated her to the position of the First Lady in Style.

This lovely Scotch maid, now a royal princess, set the style in wedding gowns which thousands of brides on both sides of the Atlantic will follow.

Every article of her trousseau has established a vogue. Hats, shoes, handkerchiefs, gloves and the smallest necessities have all felt the Lady Betty influence.

Her fondness for simple lines and graceful draperies has assured her prestige for another season at least and "Betty blue" and the soft gray she loves will be featured everywhere for summer and fall.

opera which is to be presented by the American Legion May 24th and 25th, arrived in the city Friday morning.

Special sale of flowers every Saturday at the Flower Market, majestic theatre alley. La Crosse Floral Co.

Mrs. Orlando Holway of Madison is expected in the city this afternoon to attend the funeral of the late E. G. Boynton. Mrs. Holway will be a guest at the home of W. S. Woods.

A daughter was born to Mr. and Mrs. Otto Boeck Tuesday morning.

SHORT COATS. Short box coats are said to be taking the place of short jackets with the ties—particularly for sport wear. Box pleated, side pleated and accordion pleated skirts are popular with it.

BLACK GOWN. An attractive gown of black flat crepe is trimmed with medallion shaped motifs made of taffeta in different shades.

MEDIUM BROWN HAIR looks best of all after a Golden Gilt Shampoo. —Adv.

May 13th Is Mother's Day. COMPLETE LINE OF CARDS, CANDY and GIFTS. FOR MOTHER AT Sjolander's Drug Store 503 Main St. "COME IN ANYWAY".

## WISCONSIN IS SECOND IN U.S. COLLEGE CLUBS

Badger State Next to New York in Number of Branch Clubs

There is another force added to the organized women of Wisconsin. It is the comparatively new activity of the college clubs in the state. Within a few weeks, Wisconsin has taken second lead in the United States, with branches of the American Association of University Women in thirteen cities, and several more being organized. Miss Frances G. Perkins of Fond du Lac, president of the Wisconsin federation, has inspired the state to work for first place in branches and membership.

The committee on membership for the La Crosse College club includes Mrs. Helen Burton Williams, Miss Anna Mashek and Miss Elva Shields.

There promises a scramble for first place among the number of state branches before the annual convention of the American Association of University Women which is to take place July 10 to 14 at Portland, Ore.

The convention will mark the close of a year in which remarkable expansion and development have been made. Besides La Crosse, the other Wisconsin cities with branches are: Milwaukee, Oshkosh, Kenosha, Fond du Lac, Racine, Janesville, Appleton, Beloit, Ripon, Superior, and Wausau.

ATTRACTIVE COMBINATION. A white moire gown with simple but distinctive lines gains beauty by being worn with a very full, very long cape of sapphire blue velvet colored with gray fox.

I have been glad since they said unto me, let us try Blue Devil and see. —Adv.

PUT UP EGGS NOW. While they are cheap and more certain to be fresh than during the hot months.

Hoerschler's Egg Keeper has been used by 50% of the La Crosse housewives who appreciate the value of preserving eggs with the BEST preparation on the market. Be sure that you use fresh eggs as nothing will make a spoiled egg good, but our Egg Keeper will preserve a fresh egg for one year or more.

GET IT AT HOESCHLER'S

WALK AND BE HEALTHY. Riding Habits are pretty for the ladies, but Walking Habits are better for their health. We carry a very complete assortment of Oxfords and Pumps for just such occasions.

WM. F. STRAUSS. 320 Pearl St. Shoes of Quality.

CRETONNE OVERBLOUSES. Overblouses of cretonne have collars and cuffs of white linen and are worn with white flannel skirts.

In his cups—GONA COFFEE.

## SOUTH ALARMED, SEEKS "TO BLOCK" NEGROES' EXODUS

Flocking North at Call of High Wages and Labor Shortage

JACKSON, Miss.—Joint meetings of white and colored citizens will be held May 10 at every courthouse in Mississippi to discuss the exodus of Negroes to the north, and the labor situation, in accordance with the recommendation of a committee of twelve, composed of members of both races, appointed yesterday at a meeting here called by the state chamber of commerce.

Three hundred Negroes bound for Chicago and other industrial sections in the north passed through here Thursday.

**Chattanooga Sees Flight**  
CHATTANOOGA, Tenn.—Emigration of Negroes to the north, because of the promise of better wages, has begun and 552 passed through Thursday in tow of northern labor agents.

## MOTHER OF FOUR AND FATHER OF 5 ELOPE: ARRESTED

Mich.—Albert G. Bader, of five children, and Mrs. H. Bader, mother of four, are being held here for authorities. Bader, who is a federal warrant is said to have been issued against Bader. According to local officials, they left their homes near Lima, Ohio, three weeks ago after Bader had attempted to make an agreement with Mrs. Bader's husband to exchange wives with him.

## SPARTA YOUTH IS PHI BETA KAPPA

MADISON, Wis.—Among 62 students of the University of Wisconsin elected this year to Phi Beta Kappa, honorary scholastic society, are a number of Wisconsin youths. Election to this society, founded in 1775, is regarded as a signal honor.

Those from Wisconsin elected while in their junior year are: G. S. Danby, Breadhead; Leo F. Dugan, Janesville; E. E. Jander, Okanoches; Homer Louis Mansfield, Okanoches; C. C. Strachan, Tomahawk; Faith Urban, Waunakee.

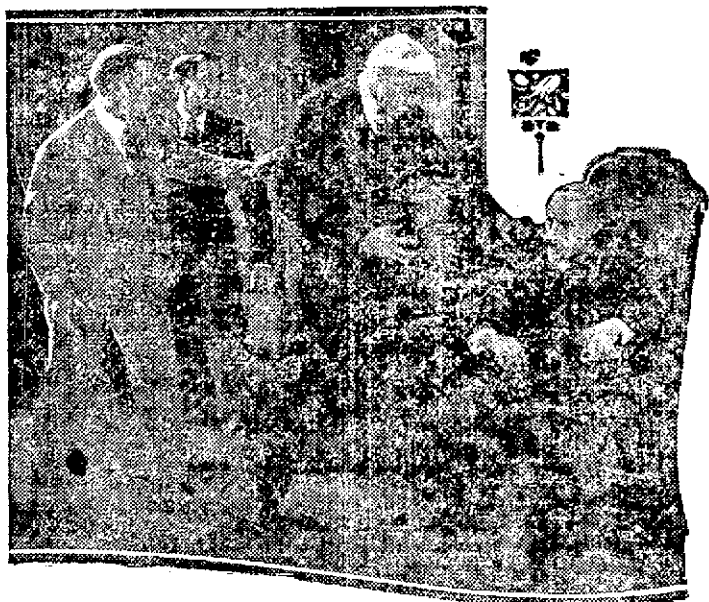

The members of the class of 1923 chosen are: Alma Rudman, Waunakee; Warren Bruce, Algonquin; Alice Geiger, Monroe; Helen Geller, Muskego; Alice Goodell, Monroe; Elizabeth Hart, Waunakee; Oscar Kiesel, Jefferson; Vernon Lawrence, Sparta; Charles Lewis, Manitowish; Olive McDerment, Burlington; Helen Mallin, Merrill; Philip Margardt, Milton Junction; Ezra Miller, Manitowish; John Bellaban, Stevens Point; Amar Rolfsen, Superior; Helen Shaffer, Waunakee; Susie Sullivan, Marshfield; Leah Yabroff, Sun Prairie.

## "As Clean as a Snake"

No creature is more scrupulously clean than the snake. Captive specimens so clean that they are unwholesome conditions. This shedding of the skin is a natural process to rid the entire integument of any scaling that might accidentally take place during the serpent's careful mode of life. But it is rarely that one ever observes a wild serpent that does not look as clean as it arrived in new silk or velvet as the case may be, according to the kind of snake. Those with smooth scales have a silky luster, while species with keeled scales as a rule look like velvet. There is no slime in the make-up of any member of the serpent tribe.

## Sending Iron Pipe by Mail

A resourceful California road contractor solved the problem of transportation of corrugated iron culvert pipe to a remote section by mailing it. The pipe was to be used in building a road through an isolated region between Klamath Mountains and the Pacific Coast, to be known as the Klamath River Forest road. Finding that other means of carrying would be costly, he turned it over to the postal authorities who made the delivery by loading the pipe on burros, two sections strapped to each animal.

## NEW CHURCH SERVICE KEEPS FAMILY GROUP TOGETHER ON SUNDAY

Sunday School Abolished in Minneapolis Church; Old and Young Join in One Service

CHICAGO.—How the family automobile may become to the city church goes what the family farm wagon has always been to the rural worshiper, is being worked out at St. Mark's church, a downtown Episcopalian parish in Minneapolis, the Rev. Philip E. Osmond, rector of the parish, told the church club of Chicago in an address here.

The Sunday school as a separate institution has been abolished in his church, he said, and the parents and children are brought together for morning worship. Five months' trial has convinced him that the plan is a success.

When parents and children assemble at 11 o'clock in the church, the regular service of morning prayer is conducted with some slight modifications to suit the changed program. A five-minute service for the children is then delivered, followed by the offering, and then while a hymn is being sung the children retire to the parish house where they have 30 minutes of class instruction. Meanwhile the regular service is preached for the edification of their elders.

When the regular service is ended, the children are waiting for their parents the family automobile is loaded or the family group proceeds to street cars, and all return home ready for Sunday family fun.

"The chief object of this plan is to restore the family now to its traditional position," continued Mr. Osmond. "We found that because of our situation on the edge of the downtown district, many of our parish children were not attending our school. But the difficulty was not so much that the children were going elsewhere for instruction, as that the family unit in worship was sundered, or that ultimately we lost the entire family because parents so naturally follow their children."

"The great fault of the traditional Sunday school was that it did not train children in church going. It could not more do this than a blackboard diagram could teach a person to swim. The only way to teach church going is by going to church."

**7 FACTS ABOUT  
POSAM FOR  
SKIN-SUFFERERS**

"Posam stops itching and burning. It heals raw, inflamed skin. It clears away pimples. Posam is powerful yet safe. It works quickly and surely. It is a long way from the skin. Posam costs but one cent at all drug stores."

## BILL WOULD TURN EAU CLAIRE NORMAL TO TEACHER COLLEGE

MADISON, Wis.—In the introduction in the lower house of the legislature of a bill to abolish the Eau Claire Normal school move is seen to reduce the number of such institutions in the state from nine to five. The measure has been introduced by the assembly committee on education, J. O. Miller, chairman of the committee, declared there was a growing feeling that Wisconsin has too many Normal schools. The Dunn county representative said that it was the aim of sponsors of the committee bill to also at some time in the future abolish by legislation three other like institutions.

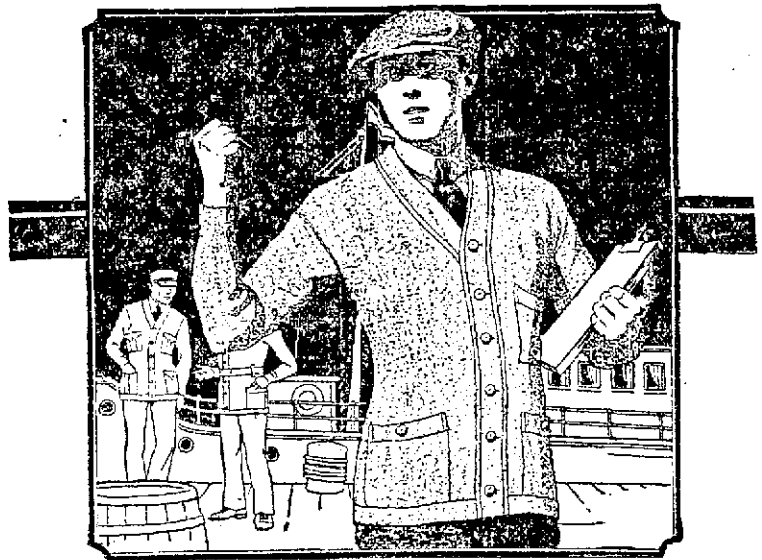

"Too many teachers are now being turned out," declared Mr. Miller. "This is shown by the fact that many graduates are forced to seek positions outside of the state. On the other hand, although Normal school originally were intended to train teachers

for rural and graded schools, they no longer do that. It has been found necessary, for this reason, to establish county training schools.

If the education committee bill is passed, the Eau Claire Normal school would be converted into a Teachers' college. Mr. Miller believes that two-year college courses should also be maintained at the Milwaukee and at least three other Normal schools.

**First Suspension Bridge in 1808**  
Philadelphia, now engaged in building the largest suspension bridge in the United States, built the first suspension bridge in the world. The suspension bridge is an invention of a Pennsylvanian. A man named James Finlay first constructed this type of bridge at the Falls of the Schuylkill in 1805-06. Finlay stiffened the roadway by the framing of the floor and by a heavy side railing and cross braces, each mounted on a truss.

There are 800 silk firms in the city of Paterson, N. J., employing 25,000 persons and representing an investment of \$82,000,000.

## CITY OF CLEVELAND FACING AN ACUTE SHORTAGE OF LABOR

Forced to Raise Wages in Order to Finish Two Million Dollar Paving Program

CLEVELAND, Ohio.—The most reliable harbinger of universal prosperity, an acute labor shortage, faces Cleveland for the first time in six years, according to figures furnished by R. C. Seiple, superintendent of the State City Employment Bureau here. Mr. Seiple's figures come on the heels of an announcement of Mayor Kohler that because of a shortage of labor the city may be forced to raise wages in order to carry out its immediate paving program, which totals more than \$2,000,000.

Mr. Seiple's latest check of applicants against jobs shows that already in many lines of industry the jobs outnumber the workers. He predicts that the margin will grow even greater as the weather makes more outside work possible.

Comparison of the bureau's figures for the week ended March 24, with corresponding weeks of 1921 and 1922 shows:

Year	Men	Applicants	Jobs	Placed
1921	2,657	168	161	
1922	2,781	242	211	
1923	1,653	1,238	1,011	

Year	Women	Applicants	Jobs	Placed
1921	1,337	615	449	
1922	1,967	774	514	
1923	1,010	1,042	736	

That other cities, as well as Cleveland, are looking forward to a scarcity of labor is shown in the closing of many already opened and begun in the past, public work and private business projects, asking if there is a surplus of transient labor here.

## Public Debate

May 3, 1923

Editor, La Crosse Tribune and Leader-Press, La Crosse, Wis.

La Crosse County should have a public memorial in this practically deserted area. The question of the type of memorial has been much discussed. The first that has thus far been considered is the line of the Memorial Tree, planted by various organizations on the road between La Crosse and Oshkosh. I would like to suggest to the good people of La Crosse County and the County Board, that the County take up this project and designate the road between La Crosse and Oshkosh "Memorial Road" and that the County plant suitable trees on both sides of the road the entire distance from La Crosse to Oshkosh, making provision for the care of the trees, such as watering during the time the trees are getting started and the proper pruning from time to time. Proper care should include provision for the removal of any of these trees if future property owners along the road.

A row of elm trees on either side of the road between the two cities would be a fitting memorial to our soldiers of the world war. It would be a living memorial, which, next people will have a part in its maintenance, and a type of monument or building. From the standpoint of beauty it would be hard to realize anything more beautiful than a highway such as this, which, next people will have a part in its maintenance, and a type of monument or building. From the standpoint of beauty it would be hard to realize anything more beautiful than a highway such as this, which, next people will have a part in its maintenance, and a type of monument or building.

The plan has another advantage. You that it would cost very little money to carry it out. The planting of the trees if done by the county would be very inexpensive, the matter of watering for a season or two would be a small item, but would insure the growth of the trees. After the expense of maintaining the highway in so far as the trees are concerned would be practically nothing, but each year would add to the beauty of the thing, while this and coming generations would admire and enjoy the beauty of it and at the same time have recalled to their mind.

## "TIZ" FOR TENDER, SORE, TIRED FEET

Ah! what relief. No more tired feet, no more burning feet, swollen, hot, aching, painful feet. No more pain in corns, calluses or bunions. No matter what ails your feet, or what under the sun you've tried, TIZ gives you relief. Just use TIZ.

"TIZ" draws out all the poisonous exudates which puff up the foot. "TIZ" is magical. "TIZ" is magical. "TIZ" will cure your foot troubles. It will never hurt you. It will draw up your feet in pain. Your shoes will feel light and your feet will never, never hurt or get sore, swollen or tired. Get a box at any drug or department store, and get relief for a few cents.

## WORLD'S FASTEST PLANE WILL ATTEMPT SPEED COAST-TO-COAST FLIGHT

WASHINGTON.—By The Associated Press. While Lieutenant John A. MacReady and Oakley Kelt were in the air flying the giant, but slow moving, monoplane, T-2 from New York to San Diego, Calif., crossing the continent without stopping, air service officials announced that another transcontinental flight was being planned. The plans contemplate a monoplane in the time allowed. MacReady and Kelt flew by approximately one-half. They also call for the use of the air service's speediest craft, the one which established the world's record in a recent flight near Dayton, Ohio, by covering in a straightaway course a distance of one kilometer at a speed of 236 miles an hour.

Lieut. L. R. Maughan who piloted the machine in the record flight, has been selected to make the newly proposed transcontinental flight. He expects possibly within a month, to leave New York in the early morning hours and arrive in San Francisco before dark the same day, averaging about 200 miles an hour but making five stops at intermediate points yet to be selected, to replenish the fuel supply.

The patriotism of our soldiers of the great war. I submit this plan in the hope that the people of the country and especially the County Board will look favorably upon the project and that we may, without further delay, get under way a real and lasting memorial to those who so valiantly served in the recent conflict. I would like to read in the Public Debate column the opinion of others in this matter.

Sincerely yours,  
A. T. HANSENSEN.

## WOMEN STUDENTS ENCEL MEN IN PAYING BILLS

LONDON.—The answer to the question of whether women have a higher moral sense than men will be found in the affirmative if the experience of the Carnegie Trust for the Universities of Scotland is taken as a deciding factor. The Trust undertakes to provide funds for students wishing to enter colleges, and though they are under no obligation, they are expected to repay what money they can.

Sir David Cairn, at a recent meeting of the trustees, said that the number of women students who repaid their fees during 1922 was considerably larger than the number of men.

Last year 33 former students repaid 1,387 pounds, making the total amount repaid 12,500 pounds, or one and a third per cent of the money advanced.

It was brought out at the committee meeting that pre-war conditions had so far returned as to justify the committee in regarding the value of the annual scholarships from 200 to 150 pounds.

## NATIONAL HOSPITAL DAY GIVEN APPROVAL OF THE PRESIDENT

Harding Endorses Educational Campaign Culminating in May 12 Observance

CHICAGO.—President Harding has indicated a lively interest in the efforts of the hospitals of the United States and Canada, to make the public better acquainted with their service and importance in their communities. He has endorsed the educational movement culminating in the observance of National Hospital Day.

"I most heartily extend my good wishes for the most useful results from your efforts," wrote Mr. Harding to Matthew O. Foley, Chicago, executive secretary of the National Hospital Day Committee, which has general direction of the international program. "It is especially a pleasure to express my interest in the work of National Hospital Day, which seeks to arouse the largest possible public interest in the work of the country's hospitals and similar institutions. You have most properly chosen May 12, the anniversary of the birth of Florence Nightingale, as National Hospital Day."

"One of the finest and most humane products of our civilization is the hospital," continues President Harding's endorsement, "and every activity which aims to assure its advantages to an increasing number of people deserves all possible encouragement."

E. S. Gilmore, superintendent, Wesley Memorial Hospital, Chicago, general chairman of the National Hospital Day Committee, and Dr. M. I. MacEachern, Ottawa, president-elect of the American Hospital Association and National Hospital Day chairman for Canada, expect a majority of all the hospitals of North America to have a program May 12, which will attract more than 1,000,000 people to the institutions.

employed for the space of nine months.

## BULGARIA COINING MONEY

# NEGLIGEE MEALS OF MRS. STOKES WITH MAN ARE ALLEGED

Maid in Chicago Makes Startling Deposition in Millionaire's Divorce Case

CHICAGO—Helen, red haired and pretty, given to breakfasting in Edgar T. Wallace's New York apartment clad in pink silk bloomers and orchid shaded "teddy bears," was identified Thursday as Mrs. Helen Elwood Stokes by Mrs. Nell Rose Miller, colored, formerly employed as a maid in the Green Parrot Tearoom, New York. The maid made a startlingly revealing deposition in the divorce proceedings of W. E. D. Stokes, New York millionaire declaring she had frequently served breakfast in Wallaces' apartment to Mrs. Stokes. Wallace is named by the husband as co-respondent.

Stokes Loses Point  
NEW YORK—W. E. D. Stokes Friday lost his fight to amend the petition in his divorce suit so that he could name additional co-respondents, evidence concerning which he claims recently to have discovered.

Supreme court reversed a decision by Supreme Justice Guy increasing Mrs. Stokes' alimony pending the trial from \$18,000 to \$20,000. The appellate decision ruling on amending the petition, affirmed Justice Guy's decision.

# PAINT VANDALS ARE SOUGHT BY BELOIT COLLEGE

BELOIT, Wis.—Students ran amuck in an orgy of vandalism on the campus, painting legends on the walls of college buildings and on campus sidewalks. "We want a president—not a preacher" and "Damn the deans," were two of the legends. Nicknames of the professors were painted in big letters over the seats of the faculty on the rostrum of the college chapel. An a lion to a highly respected member of the faculty accompanied a picture of a pig.

# BRITAIN TO QUIT IRAQ IN 4 YEARS COMMONS TOLD

LONDON—Stanley Baldwin, chancellor of the exchequer, announced in the house of commons Thursday afternoon that a protocol has been signed with King Faisal, whereby Iraq is to become a member of the league of nations within four years of the ratification of peace with Turkey. This means that Great Britain will withdraw from the province of Iraq some time within the next four years.

# HE KEPT SKUNKS TO OUT-SMELL STILL; GETS DOUBLE FINE

WASHINGTON COURT HOUSE, O.—Sam Davis was fined \$25 and costs for keeping skunks and \$350 for violating the prohibition law Thursday. Police who raided his home charged he kept the skunks to kill the odor of moonshine mash.

RELIGIOUS TEACHING PLANNED

The new plan will go into effect next fall. The Parent-Teacher association originated the plan and the church association has worked on the details.

HOLSTEIN SETS 7 DAY RECORD  
NEW LONDON, Wis.—Lady Josephine Mercedes Piel, a full-blooded Holstein owned by Christenson brothers of this city, has finished a seven day record of 258 pounds of milk and 20.15 pounds of butter.

CATTLE AVERAGE PRICE \$177  
MARSHFIELD, Wis.—Security head of Government cattle were sold here Thursday at an average price of \$177 each. The top price paid for a bull was \$420 and for a cow \$370.

INDICT FIVE OF MOB  
COLUMBIA, Mo.—Five indictments were found Thursday afternoon by the grand jury investigating the lynching of a Negro here early last Sunday.

Reason For Cold Shivers  
Cold weather greatly stimulates the nerves in our muscles, making them alternately contract violently and relax beyond their normal length. In the skin these rapid contractions produce what we call "shivering," and chattering of the teeth is shivering in the jaw. The whole movement is involuntary, and will last just so long as the cold shock continues.

Although the majority of persons look upon a case of measles with careless contempt, the ubiquitous disease kills more people in the United States every year than the dread smallpox. The fact that the measles germ is unknown and continues a mystery and the carelessness of the population in caring for the first cases, are causes of the widely-spread epidemics.

## HARDING APPROVES REVISION OF ESCH CUMMINS MEASURE

Will Seek Friendly Review of  
Railroad Bill Rather than  
Let Farm Bloc Lead

### CUMMINS TO LEAD FIGHT FOR CERTAIN IMPROVEMENTS

Would Force Mergers and Pool-  
ing of all Equipment

(Tribune Washington Bureau)  
WASHINGTON, D. C.—Revision of the Esch-Cummings act at the hands of its friends will be proposed in the next congress by administration leaders to frustrate the plans of the congressional farm bloc to emasculate the law and secure a general slashing of freight rates.

The farm bloc will demand not only lower rates on farm products, but will fight also for repeal of the so-called guaranty rate-making provisions of the Esch-Cummings act. Farm bloc leaders say they will urge also action by congress on the Henry Road bill, to let the Interstate Commerce commission take over the nation's railroads, and the truth in labeling bill, but will press for railroad legislation ahead of all else.

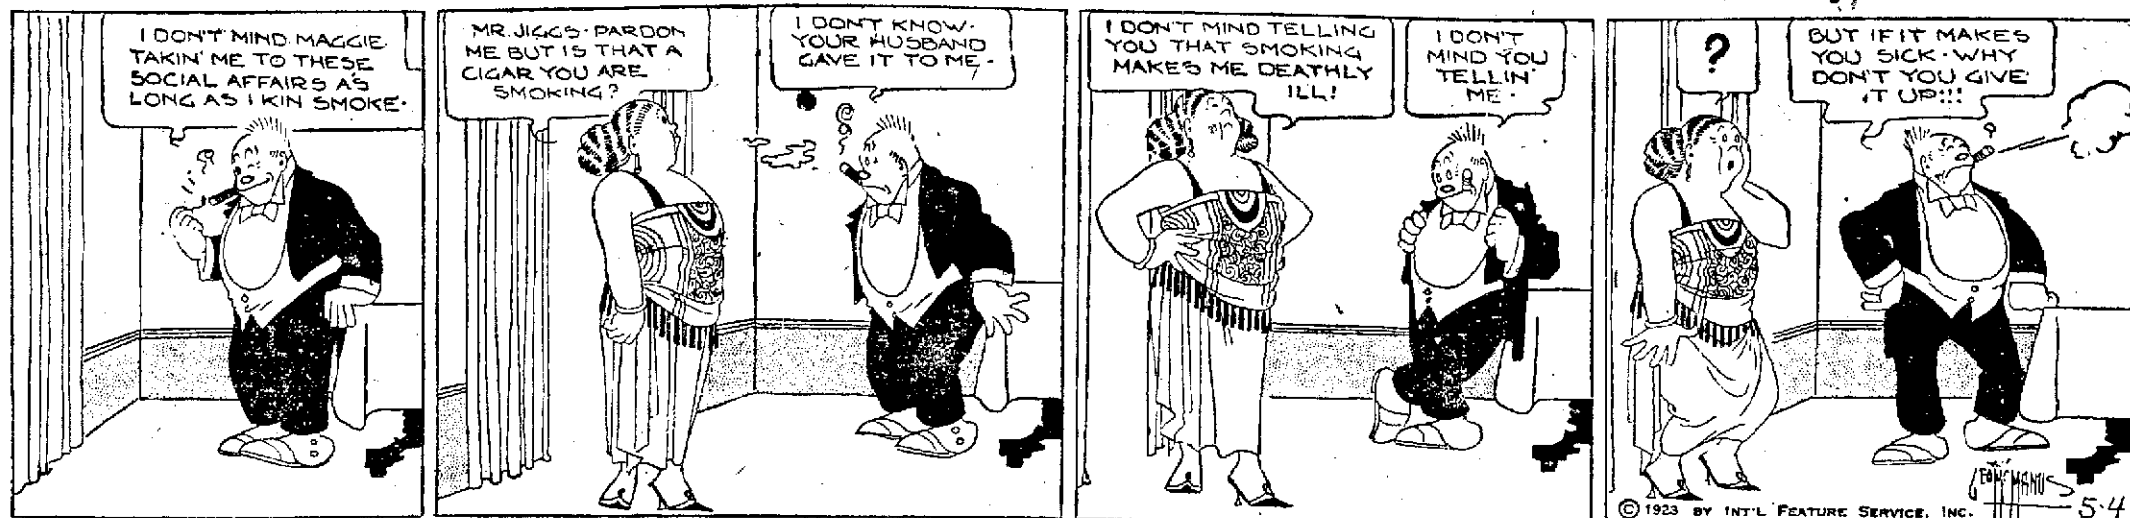

**Claims Bad Management**  
Senator Cummins, republican, of Michigan, has been giving all his attention to the railroad question, and points out that incompetent management is largely responsible for transportation conditions. He challenges the claim of operators that they saved over a billion dollars in the last year, but says if this is true it is the date of the interstate commerce commission to see that "the public gets the benefit."

President Harding, it is stated, is unwilling to have the progressive bloc take the lead. On the contrary, it is expected that the first move will be made by Chairman Cummins of the senate interstate commerce committee.

Senator Cummins before leaving for his home in Iowa, announced that the president had given approval to the plan proposed by him to offer changes in the transportation act just as soon as congress meets.

**To Force Mergers?**  
The chief item on the administration's program for amending the law is in the matter of consolidation of the railway systems. Senator Cummins will propose, with the backing of the president, to make the merger of railway systems compulsory instead of optional. It was provided in the original draft of the Esch-Cummings law, but amended in congress. The pooling of all railway equipment to make it available wherever needed will be part of Senator Cummins' plan.

## BRINGING UP FATHER—

consolidation of the roads into a few main systems should be brought about as soon as possible," Senator Cummins said.

Senator Cummins said he believed that unless consolidation were made effective, government ownership of some of the lines would become necessary, and that neither the president nor he favored resort to government ownership or control at this time.

**No Strike Interdict Proposed**  
Effort to incorporate into the amended law an anti-strike provision will not be made, Senator Cummins said.

Announcement of the administration's plans means that a sharp contest will take place between the conservative republicans led by Senator

Cummins and the progressive bloc headed by Senator La Follette to see which faction can go farthest in amending the existing railroad law. Senator La Follette and those affiliated with him will undertake to have the law repealed in its entirety; if this fails an effort will be made to repeal section 15A, the guaranty provision, which has been opposed by the progressives and the farm bloc.

Many large estates in Yugoslavia have been entirely planted in grapes. The policy of the government is to divide the larger properties of the country and distribute the land to the peasants. The vineyards alone are not subject to requisition by the minister of agriculture.

## TO HONOR YANKS IN FRENCH STATUE

PARIS—The figures of an American machine gunner, a British grenadier and a French light infantryman will be the conspicuous features of a monument to be erected on the Fenne

de Navarine, the scene of some of the bitterest fighting of the world war. The monument is to be dedicated "To the Dead of the Armies of the Champagne."

**BREAKS ALTITUDE MARK**  
LEBOURGET, France.—The military aviator Gontard Thursday broke the altitude record for a machine car-

rying a load of 550 pounds by rising to a height of 8,000 meters, approximately 26,250 feet, as against the previous record of 7,335 meters made by Jean Casale on March 30 last.

The next tourist season will find interpreters stationed on the London buses as an aid to foreigners in finding their way about. It has been

seriously suggested that such an innovation will prove helpful to American tourists, who frequently find it difficult to make a cockney conductor understand their destination.

Silk furnishes the longest continuous fibre known. One cocoon has been known to yield nearly three-fourths of a mile.

## WOMAN LEGISLATOR REPROVES MEN FOR LAX LAW-MAKING

Declares She Has "More Respect for Ladies' Aid" After Attending Party Caucus

INDIANAPOLIS, Ind.—Miss Elizabeth Rainey, Indiana's only woman member of the general assembly, when recently asked, gave that after attending a party caucus she told one of the caucus members that "Now, I have more respect for the Ladies' Aid Societies."

"Of course, one cannot tell what occurred in the caucus. It was my first, and it was one of the real things I got out of the session," Miss Rainey added.

In describing her experiences as a legislator, Miss Rainey said she took her seat with the feeling that she was the only representative who knew nothing about the workings of the legislature, but it did not take her long to discover that about 75 per cent of the members were in the same fix. "During the first half of the session," she continued, "virtually all the activity was carried on by six or seven members, but by the end of the session it sometimes seemed that every member was demanding recognition at the same moment."

Miss Rainey was unfavorably impressed by the scant attention the representatives were able to give the various bills. Some of them were so long, she declared, that the legislators had to take the word of the author as to what the bill proposed to do.

Women are equally competent with men for legislative service, Miss Rainey contended, she expressed amusement at what she termed the attitude of the men on the last day of the session, when many verbal combats took place and personal enmities were narrowly averted. "I have had some amusement trying to figure out what would be said of a group of women which behaved as did the members of the House on the last night," said Miss Rainey. "No excuse, I am sure, could have been found for them."

Miss Rainey declared it was her opinion that there were not enough lawyers in the legislature. She does not care for a second term.

## OCCIDENTAL FACE TOO SWIFT FOR AMERICANIZED JAPS

HONOLULU, T. H.—Japanese in the United States are between 10 and 15 years behind their fellow countrymen in Japan, according to a statement made by Prof. T. Kato, of the Oriental college, who visited here on his return from a three months' trip to the United States.

"The majority of the Japanese in the United States are unable to acquire themselves with conditions of their country, and at the same time they are unfamiliar with the trend of affairs in the country of their residence, as they are unable to read the English newspaper," he said. "In order to keep abreast of the times, we must rely upon the power of the press."

Prof. Kato suggested that the Japanese press act as more of an educational instrument, as the only solution of the problem.

In earlier times the Japanese lived as far south as the Gulf of California.

## Beauty Advice

By Ruth Roland

LOS ANGELES, CAL.—When Ruth Roland, the beautiful actress, was interviewed and asked if she would be willing to tell the readers of this paper how she kept her complexion so youthful and fresh looking, she hesitated for a moment, and then said: "I shall be more than delighted to do so. It is a very simple matter. First and foremost, absolute cleanliness is an important factor. I cleanse my face thoroughly with Lescage cold cream, after which I use a simple toilet preparation called Derwile. I always apply this before going out."

"Anyone can beautify their complexion if they will use these preparations. Derwile is a cold cream, and Lescage cold cream. I have no artificial beauty in my face."

The first application of Derwile will astonish you, as it gives the skin a youthful appearance and a clear, healthy complexion.

If you wish to enjoy a beautiful, healthy complexion and soft unlined skin, try Derwile and you will be delightfully surprised. For sale at the major counters of all department and drug stores, including Hoeschler Bros.

## Make THE Backyard Pay

FLOWERS PLANTED ABOUT THE HOME EXPRESS THE CHARACTER OF PEOPLE WITHIN

By W. R. BEATTIE  
Extension Horticulturist, United States Department of Agriculture

Flowers are a mark of refinement and culture regardless of where they appear. The woodand beds of violets, the snowy banks of lilies, the bluebonnets of the plains and a thousand others are nature's expression of refinement.

Flowers about the home, like the clothing worn by the inmates, bespeak the very soul of the people who dwell within. Reasonable simplicity in planting flowers and shrubs about the home is a mark of good breeding and artistic refinement.

Expensive plantings of shrubbery and flowers are not essential, in fact are undesirable in most cases. The finest effects can generally be produced by using plants that are either native to the region or those that may be easily grown from seeds or cuttings.

### To Beautify Home

To make home surroundings beautiful, first secure a parcel of clean carpet of grass on the lawn; second, provide suitable shade trees where the available space is sufficient; third, plant a reasonable variety of shrubbery or other plants around the house so as to have something in bloom the greater part of the time.

Another factor in home adornment is the use of annual and perennial foliage and blooming plants to fill in the shrubbery and provide harmonious color effects. In the main, the scheme should be one of border effects, the center or main body of the lawn being kept free of any plantings.

The most universal shrubs are barberry, thornberry or Thornberry's barberry that covers almost any soil, but is very ornamental dwarf shrub, or holly plant that bears small red seeds that remain on the plants all winter, spring or brightwreath, Viburnum Americanum, or high-bush ceanethus, genus alba, which is a dwarf shrub of the dogwood group, and several varieties of dwarf junipers which are evergreen.

### Care in Selection

There is considerable range in varieties among these. The local florists can suggest those that are especially adapted to the locality. The great danger lies in the selection of too many different kinds and of overdoing the planting.

Excellent effects can be secured

with annual flowers, also those known as perennials which bloom the second season. Scarlet sage or salvia, sweet peas, geraniums, canna, asters, dahlias, old-fashioned toad-lilies, petunias, annual phlox, hardy phlox, camellias, or hollyhock's hollyhock, and a host of others are adapted for producing immediate or quick results.

There are a number of hardy shrubs for porches and over arbors, including several varieties of climbing roses, wisteria, clematis and others. Every blooming rose of the bush type are always appropriate but do best when planted in a separate bed from the shrubbery or the annual plants.

NEXT—How to get a good smooth lawn.

The first shipment of British Columbia apples via the Panama canal recently arrived in Hull, England, in good condition. Next autumn it is expected there will be a heavy movement of British Columbia fruit from Vancouver to Great Britain.

For six months ending December 31, 1922, there was an average of 273 ships a month passing through the Panama canal.

## CIRCUS OWNERS JOIN IN BAN ON GAMBLING

Campaign for Cleaner Shows is Launched by Showmen Says Announcement

CHICAGO, Ill.—Elimination of vice and gambling in the outdoor show business, sought in a campaign launched several weeks ago by organized showmen, already is being accomplished, according to an announcement by Thomas J. Johnson, general counsel of the organization and supreme dictator of the organized showmen, who has charge of the campaign.

Outdoor showmen, both members and non-members of the Showmen's legislative committee, the organization sponsoring the campaign, must comply with the moral standard set by the committee or be eliminated, Mr. Johnson declared.

The rapid increase of vice, gambling and other objectionable features

in outdoor shows within the last few years caused the showmen to receive a bad name throughout the country, said Johnson. Showmen, he added, saw that something must be done to save their business from complete annihilation by public disapproval and therefore the Showmen's legislative committee was organized.

Objectionable features of shows are barred in a platform decided upon by the committee. Some of these include Hawaiian dancers, gypsies, shows exclusively for men, all games where money is given as prizes or where prizes may be exchanged for money, and all immoral, indecent and suggestive acts.

Each showman is asked to sign a pledge adding by the committee's platform. Names of the members of the committee, including more than three-fourths of the showmen of the country, and the copy of the platform is being sent to municipal officials of all the cities of the country, and these officials are being requested to report any violation of this platform either by members or non-members. "Whenever a man is found to be

conducting an objectionable show, we will first ask him to stop it or eliminate the objectionable feature," said Mr. Johnson. "If this does not have the desired effect, we will appeal to local authorities. If that fails we will put the entire story in the newspapers. I think that will be effective."

"We will also send a list of members and the platform on which they pledge to operate, to more than 40,000 lodges, societies and other organizations in the country, recommending them as men who conduct clean, decent shows."

"A grievance committee will sit in judgment upon any member found violating the platform, and this committee shall decide upon the punishment and whether he shall be allowed to re-enter the organization."

## MILK AND DAIRY PRODUCTS CAMPAIGN OPENED IN SPARTA

800 Children Compete in Poster Contest; Big Meeting Held Thursday

SPARTA, Wis.—On Thursday afternoon at the Bell theater the women in the city and surrounding country, met in the interest of the "Milk and Dairy Products" campaign, and enjoyed a fine program. The meeting was for the further education along the lines of "milk for food" and the use of the dairy products and with this was a little entertainment at the same time. The speaker of the day was Mrs. Nellie Kozlitz Jones, Wisconsin university department of agriculture.

The reception committee at the theater comprised Mrs. Bertha Paulson, Mrs. S. D. Borne, Mrs. E. R. Juddwin, Mrs. A. Berg, Mrs. Gethorn Middle, Mrs. F. Andrews, Mrs. Wilmer Wright, Mrs. L. Libbe and Mrs. George Barlow. Mrs. Otto Bell was in charge of a committee of girls who offered the visitors to guests. The program was in charge of Mrs. Edgar Roberts, Hansen and consisting of an address of welcome, Mrs. E. L. Libbe, a song, Mrs. Harry Masters, sketch, "The Milk Fairies," by children from the fifth and sixth grades; reading picture, Educational, address, Mrs. Nellie Kozlitz Jones; song, Miss Judy Irish, accompanied by Mr. Fisher at the organ; sketch, "Milk for Health," by children of the sixth and seventh grades. Refreshments were served by a committee in charge of Mrs. Otto George, assisted by Mrs. H. D. Kohl, Mrs. Harry Masters, Mrs. Harry Newton, Mrs. A. J. Wash and Mrs. L. R. Moore. The use of the program was donated by Mr. Bell. Mr. Fisher played the organ free of charge, and Dick McQuinn donated his services in projecting the moving pictures.

Something has been doing all the week in the dairy products campaign on Monday more than eight hundred were fed at the Monday dairy. The 100 tables seated about three hundred at one time. At each place was a bottle of milk. Girls from the home economics department in the high school, as custodian as dairy maid, served the dairy children.

The Sparta band came on and for a good music on the street and in front of the hall. Between seven and eight hundred young men, completed from dairy poster contest, J. R. Putney of Sparta captured the first prize in the high school contest, Ted Peterson, second prize, Cashon and Lorenz Tanke, Tenth, the third prize. In the fifth and sixth grades, Thomas Hill of Sparta won first prize and Katherine Prince, Sparta, third prize.

## I. W. W. SLAIN IN WEST COAST STRIKE

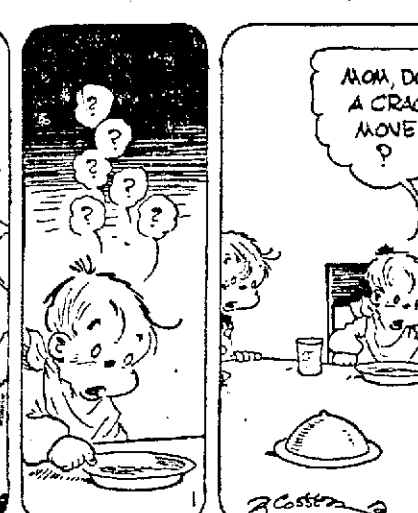

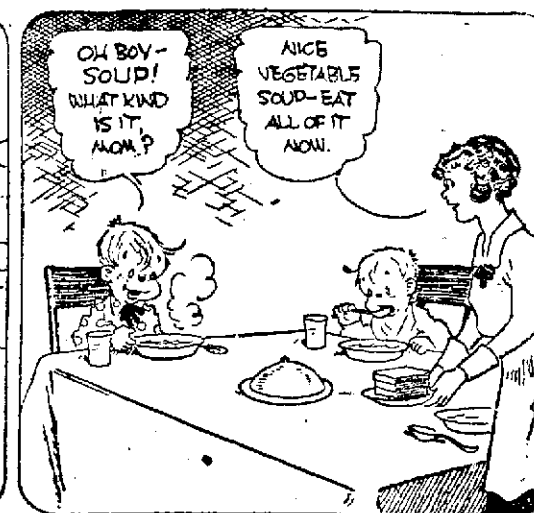

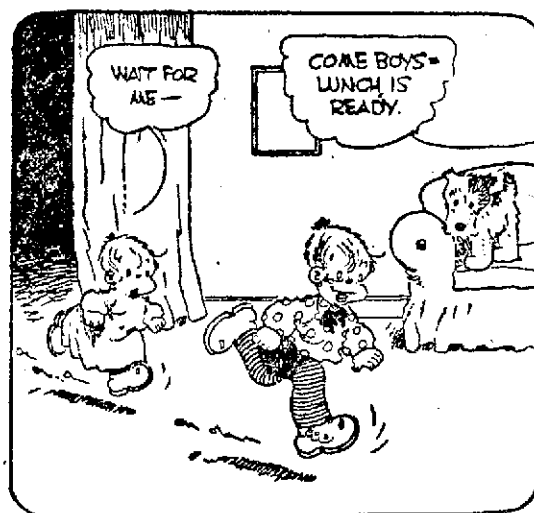

ABERDEEN, Wash.—The first fatality of the general strike of the Industrial Workers of the World occurred here Thursday when William McKay, identified by a membership card as an I. W. W., was shot and killed by E. L. Green, watchman at the Big City Lumber mill, South Aberdeen.

Green said fifteen or twenty I. W. W. members attempted to rush the mill gates, though 67 coars old, was locked down, and he said he was being beaten when he fired.

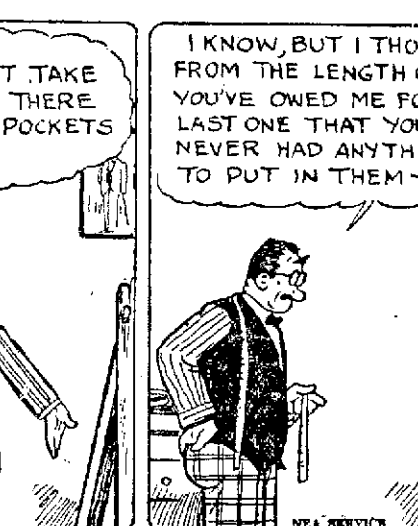

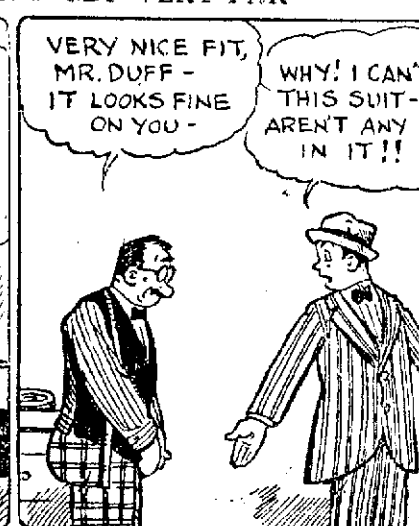

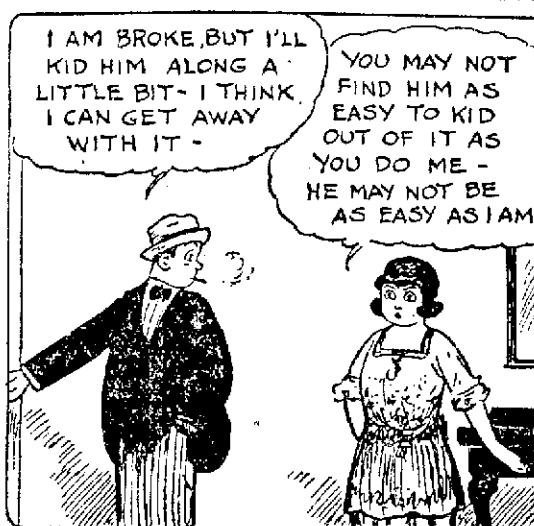

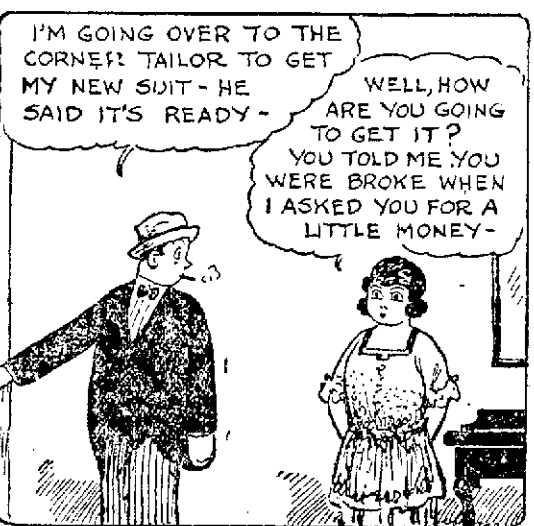

OVER \$2,000,000 EACH YEAR  
LONDON. In a statement in the House Thursday afternoon Stanley Baldwin, chancellor of the exchequer, said the total number of incomes over \$2,000,000 pounds (\$2,320,000) was 25,500, with a total income of \$27,600,000 pounds (\$31,702,500,000).

Hotels can be given a firm footing on slippery surfaces by means of a new slipper, which is all-weather and is made in United States.

## THE DUFFS

## WILBUR DIDN'T GET VERY FAR

## HUNTING BIG GAME

Due at Majestic soon. The sensational success of the Universal picture, "Hunting Big Game in Africa," which is coming to the Majestic theater Sunday, has prompted many inquiries as to who is this man H. A. Snow, who brought back from the wilds of the dark continent this strange and unusually absorbing series of pictures. Snow has never before been known to fame as an explorer.

Previous to 1910, H. A. Snow was a literary table keeper in the non-descript, well-known town of Newark, Calif. People in Newark looked upon Snow as a sort of freak or, as many put it, a "nut." This was due to the fact that he was bent on collecting eggs. With unusual patience and perseverance, Snow had managed to garner specimens of eggs of practically every wild bird in the far western regions. He displayed these specimens in a little loft room of his literary stable.

## FAIRBANKS DELIGHTING MAJESTIC AUDIENCES

Modernism does not mean so very much after all when one gets right down to the matter of considering details. Explicitly, what might be given credit as a modern mode or luxury generally can be traced back to origins in centuries long bygone. This is all the more credence gained by the old saying about there being nothing new under the sun. All this was among the many interesting discoveries of the corps of researchers Douglas Fairbanks put to work when he decided to make his new screen production, "Douglas Fairbanks in Robin Hood," which has proved to be his most notable cinema triumph, and

lily the most thrilling experiences of my life. I shall not blame you in the least if, when the final stampede of elephants comes on the screen, you feel inclined to run."

MARRIAGE AS REVENGE  
USED IN UNIQUE PLOT  
Marriage as a unique means of obtaining revenge is employed by Norma Talmadge as the heroine in the powerful First National picture, "Within the Law," the current First National hit at the Rivoli theater this week.

But it isn't any revenge against her unsuspecting lover that Mary Turner, played by Miss Talmadge, seeks; her wrath is aimed at Dick's father, Edward Gilder, for having caused her to serve a prison term for a crime she did not commit.

But Mary's "revenge" loses its flavor when she discovers she loves her husband. Jack Muhlall plays the role of Dick Gilder, the husband.

## PRIVATE SLEUTH BILL HAS HEARING

MADISON, Wis.—Following several attempts to legislate regulations for private detectives, the final fight of the session swung under way in the assembly state affairs committee on Thursday with the hearing on a bill by Assemblyman Thomas Duncan, Milwaukee.

private police force was as improper as a private army.

Representatives of practically all private agencies in the state appeared against the measure. They denied assertions by Assemblyman Duncan that private detectives were the "lowest" class of people.

J. J. Handley and Joseph A. Dandway, representing labor organizations, appeared for the measure.

Envelopes for mail matter were first used in 1833.

# NORMAL-ST. THOMAS BATTLE TO 3 TO 3 TIE ON THURSDAY

Game Called at End of Tenth to Allow Visitors to Catch a Train

## HOOVER PITCHES GOOD BALL FOR LOCALS IN CLOSE GAME

Platteville Next on Card; Come Here Saturday

LA CROSSE normal and St. Thomas battled ten innings to a three to three tie, Thursday afternoon at normal field, the game being called to allow visitors to catch a train. It was a nip and tuck battle throughout, both teams playing brilliant ball. Hoover on the slab for La Crosse worked like a big leaguer and although the visitors batted him for nine hits they were well limited, and eight for one had finished the fourth. Hoover was pitching very excellent support from the rest of the back of him. It was in the fifth that a hard drive to Quinn, backed by a hard drive to Quinn, over his head, driving in one run ahead of him, coming in himself when Max Greger sacrificed.

If looked had for the maroon and gray until the seventh inning when C. Finner stepped up to the plate and chipped a home, three runs had been scored and fallen to the knees of the second base, Nick Stegerson, next up for La Crosse, walked a long sacrifice fly to right field, Hoover beating the throw in for the home's first run.

Hoover doubled with a fly ball into the center, but he was caught over the umpire's head and started for second. Blue pitched around, and in the confusion Hoover stole home. The visitors pitched the play and the score, Lou Finner pitched a fine drive, but Hoover, on a sacrifice, drove in a run and Hoover, on a sacrifice, drove in a run and Hoover, on a sacrifice, drove in a run.

Show Improvement  
Through the eighth and ninth innings, Hoover's men came through in good shape. Hoover's men came through in good shape. Hoover's men came through in good shape. Hoover's men came through in good shape. Hoover's men came through in good shape.

# Nelsons and Montagues Ready for Opening Game Next Sunday Afternoon

A BASEBALL battle royal will be staged next Sunday afternoon at Copeland park when Nelsons and Montagues open the season in a game which promises to equal in interest and rivalry the city series games of last fall.

Both teams have been reorganized, and new faces will be seen on both sides. Whether the reorganization and additions have strengthened the teams will be seen Sunday. Neither team will take the field a favorite in Sunday's game, though the Montague aggregation won the city championship last year.

Cobbmen Pound Tribe Hurlers for Fifteen Hits and a 6 to 5 Victory

## DANFORTH IN FINE FORM PUTS DAMPER ON SOX, 6-3

Ruth's Peg in Ninth Checks Grift Rally and Yanks Top

DETROIT.—Detroit slugged her way into first place and a victory over Cleveland on Thursday, 6 to 5. The game was a close one, with the Sox leading for much of the game. Danforth was in fine form, pitching a complete game and allowing only three runs. Ruth's home run in the ninth inning checked the Sox rally and secured the win for the Tigers.

# BROOKLYN BUMPS GIANTS, 11 TO 3

Dodgers Jump on Four Hurlers for Seventeen Hits and an Easy Victory

## WILLIAMS' SIXTH HOMER HELPS PHILS TO VICTORY

Bottomley's Brains Put Skids Under Bruins, 3 to 2

NEW YORK.—After losing seven successive games to New York, Brooklyn easily captured the last game of its series with the world's champions, 11 to 3. Brooklyn landed on four Giant hurlers for seventeen hits, and clinched the game with six runs in the fifth inning, bunching seven hits on Scott and Lucas.

Philadelphia, 6; Boston, 4. Philadelphia took the final game of the series over Boston on Thursday, 6 to 4. Ringer held the visitors to nine scattered hits. Williams won the game for the Phils, hitting a sixth home run in the seventh inning. Williams also pitched a steady game and was well in the fifth, scoring two team mates ahead of him.

St. Louis, 2; Chicago, 2. St. Louis (A. P.)—Phibes by Bottomley gave St. Louis a 2 to 2 victory over Chicago on Thursday. Bottomley's safety in the sixth scored Phibes and his single in the eighth drove in Phibes and Hornsby.

Pittsburgh, 3; Cincinnati, 1. Pittsburgh won the opening game of the series with Cincinnati, 3 to 1, on Thursday. Babe Adams pitched a steady game and was given sensational support.

Sweden, this year, has imposed a tax on tires, according to their weight. An owner who uses a large number of tires will consequently have to pay the largest tax, while those who do not use their cars a great deal will find the tax very low.

The fire department of San Francisco has instituted a course in fire work for pupils of the public schools.

# TIGERS' WIN ON THURSDAY BREAKS AMERICAN LEAGUE TIE; INDIANS IN THIRD

CHICAGO, Ill.—By the Associated Press.—The Detroit Tigers broke the tie for first place in the American league Thursday by defeating the Cleveland Indians, 6 to 5, and paved their way to the top of the heap. Through their victory over Washington, three to two, the New York Yankees slipped into second place, while Cleveland's Cleveland Indians were dancing in third.

Hard hitting by St. Louis won over Chicago 6 to 3, giving the Browns an even break in the series. Brilliant fielding by Boston's infield while Philadelphia's defense was cracking gave the Red Sox a three to one victory over the Athletics.

# KEARNS' DEMAND OF \$110,000 IN CASH HOLDS UP SIGNING

Minor Details Halt Arrangements for Big Match; Daugherty May Referee

CHICAGO, Ill.—Failure to agree on minor details after the question of a referee has been practically settled, prevented the signing of articles on Thursday night, closing a fifteen round heavy weight championship match between Jack Dempsey, the title holder, and Tom Gibbons, the St. Paul challenger, at Shelby, Mont., on July 4.

Jack Kearns, manager of the heavy weight champion, and Mike Collins, matchmaker for the promoters, said the articles would be signed on Friday. The reason for the delay in signing was because Kearns wanted the certified check for \$110,000 turned into cash at once.

Will Insure Fighters

In addition to the referee issue, the question of insuring the boxers also came up for discussion, as neither Collins nor Lou Lombardy, a Great Falls, Mont., lawyer, representing the promoters, desired to turn over the \$110,000 to Kearns without assurance that Dempsey would go through with his part of the agreement.

The London telephone service employs considerably more than eight thousand persons on its commercial and trifling sides and deals with some seven and a half million local calls a week.

## RADIO-CABLE RATE WAR BLOCKS PLAN FOR GERMAN CABLES

Cable Companies so Hard Hit  
by Wireless they Drop  
New Construction

WASHINGTON, D. C.—Consumption of the American plan for the allocation of the former German cables in the Atlantic is made doubtful by the rate war now in progress between cable companies and the wireless concerns.

If the radio companies made further cuts the cable companies will have to meet the cuts or lose a still greater volume of traffic. Cables between the United States and Europe now are working at less than 60 per cent capacity, and cable companies are hesitating to go on with their construction campaign.

When the American plan for allocating the ex-German cables in the Pacific was worked out, it was understood that the Western Union would construct a cable from New York to Germany and another cable from New York to the Azores to connect with a Mediterranean cable to Rome. Both Germany and Italy would be in direct communication with New York.

### TROUBLOUS OIL ON WATERS

Since ships began using oil for fuel, the hazard from floating oil in harbors is greatly increased. A blazing match or red hot rivet dropped overboard may cause millions of dollars loss. A number of disastrous water front fires in recent years can be traced to this cause, and one factor of the rapid spread of these fires is that the fire runs under the piers as surface oil is ignited.

Fire hazard is by no means the only menace resulting from oil floating on the surface of the water. Fish and game life are also imperiled. There are well-established instances of death having among ducks, because a coating of oil covered their wings and made it impossible for the birds to fly. Fishermen report that the heavier parts of the oil sink to the bottom and cause the death of fish and oysters.

Human beings also suffer from the presence of the oil, especially at bathing beaches and summer resorts.

Some of the shore resorts—as notably Virginia Beach and Atlantic City—at times have found it necessary to carry gasoline or kerosene as a part of their bathing equipment, to enable bathers to wash off the oil when leaving the water.

These conditions have arisen throughout the world and port authorities have found the control of surface oil a problem of serious size.

The whippet, the wiry little descendant of greyhound and terrier, is not only the fastest running dog known, but is one of the fleetest of all animals.

Rounties are placed upon the heads of coyotes in 18 states of the Union. The average bounty is about \$3.50.

## TOBACCO POOL IN FIGHT ON GRADING AROUND EDGERTON

Series of Meetings Held to  
Keep Growers in Line; Demand Better Grading

JANESVILLE, Wis.—A series of meetings are being held through the tobacco growing sections of Rock county to combat the attacks on the Northern Wisconsin Co-operative Tobacco pool. The trouble started in April when a letter published in a tobacco paper in Edgerton charged that the pool was employing men at \$15 a day to look over stock and that there was a general loss to the grower in poor grading.

The pool officers will carry the fight into Edgerton Friday night where greatest opposition has been encountered. At the meeting here Thursday night the growers, while admitting a higher price was made possible by the pool in the marketing of the 1922 crop, demanded a new system of grading that would keep Wisconsin to the front with its binder tobacco and not produce stemming stock.

Emerson Elm of Madison, reported that the pool had handled 24,000,000 pounds of tobacco and received \$3,100,000 for the growers without borrowing a cent. Solmer Noprud, field man Jens Davidson, president, and John Holton, warehouse manager, spoke in support of the tobacco pool. Statements were made that a definite attempt was being made to break up the tobacco pool.

It is estimated that insects have destroyed twenty-five per cent of the spruce trees in Maine and Canada.

A Production That Has Played the Greatest  
Theatre—the New York Capitol.

AMERICAN MUSEUM OF NATURAL HISTORY

77th Street and Central Park West, New York.

Mr. Samuel L. Rathapfel,

Director of Productions Capitol Theatre, New York City.

Dear Mr. Rathapfel: "Safari", Mr. Martin Johnson's new African picture is a wonderful picture, superior to any we have seen from Africa. My keen interest in this picture is due to the fact that, as presented, it is absolutely free from any form of fake, misrepresentation or disagreeable feature of killing or torturing animals. In vivid contrast to so many African pictures being shown, "Safari" is a real Natural History production with no "bunk" of any sort, chuck full of beauty and thrills. It merits a greater success than any African picture has ever had.

Earnestly yours,

CARL E. AKELEY.

## BROTHERS DIE IN SUICIDE PACT AT HOME IN CALEDONIA

Authorities Think Charles Cook Shot Brother William, then Took Own Life

William and Charles Cook, brothers aged 55 and 58 respectively, are dead as a result of a double shooting in their home at Caledonia early Thursday morning.

The two were found on the floor of the kitchen of their two-room apartment with gunshot wounds in their bodies and a thirty-eight calibre revolver lying at their side. Charles was shot once through the right side and William was shot twice through the chest. Both were retired farmers and were unmarried. For three months last summer, the brothers lived at the Nora house, in La Crosse.

An investigation by County Coroner A. B. Melton, with the assistance of County Attorney William E. Flynn, Deputy Sheriff Emil Bank, and Dr. C. R. Belote, all of Caledonia, followed after careful examination of the wounds, that Charles shot his brother and then killed himself. Both were found in their night clothes.

The night clothes worn by William were badly burned, showing that he was shot at close range. The investigation disclosed the virtual blindness of William as evidence that Charles did the shooting. It is also believed that the brothers made a pact to die together. A small amount of money was found in the dwelling.

The investigation also revealed that the men had occasionally complained of sickness and that William

## WHEN THE BIG BOYS HAVE TIME TO PLAY.

Their legs are somewhat long for the sport, but the leading bankers of the country engage in a race on "Pier-Arrows" and "Jokomobiles" between sessions in New York City. Left to right, Walter W. Head, of Omaha; R. S. Hecht, of New Orleans; J. H. Pulcher, of Milwaukee, president of the American Bankers' Association, and Wm. D. Knox, of New York City, second vice president of the association.

had been doctoring for some time because of a nervous ailment. Charles was apparently in good health.

The brothers moved to Caledonia about four years ago from Portland, Ore., located about six miles southwest of the town, where they operated a farm.

They lived together in two rooms of the house near the outskirts of the

city owned by Mrs. Anna Anderson, a widow who resides on a farm near Caledonia. In another division of the house lived Mrs. Anderson's daughter, Amy, and her schoolmate Lucy Lewis, seniors in Caledonia high school.

Awakened by what they at first thought was a knock at the front door, but what was later believed to

have been the shots, the girls heard sounds of mingling in the other part of the house. Frightened, they summoned neighbors, who in turn notified the sheriff and district attorney.

The funeral of the brothers will be held Sunday at 2:30 p. m. at Caledonia.

Tuition is what you pay at college. Not as valuable as tuition.

## SUN FORCE BEATS KWANGSI TROOPS

Fluctuating Battle of Many Days Ends When Flank Move Succeeds

HONG KONG.—By The Associated Press.—After a fluctuating battle along the North river lasting many days and entailing heavy casualties, Sun Yat-sen, the Canton leader of the southern constitutional troops, has gained what is considered here a decisive victory over the Kwangsi army that was menacing Canton.

The main battle began Sunday, when the Sun Yat-sen forces made a general attack on the enemy, who occupied strong positions on a hill along the Canton-Hankow railway. The turning point of the battle came Monday. The constitutionalists by a wide detour succeeded in striking at the enemy's rear, and the Kwangsi soldiers retreated precipitately toward the border of Kwangsi province.

CANTON.—By The Associated Press.—Fighting continues along the North river, with the Sun Yat-sen forces claiming important progress. Both sides have suffered heavy casualties.

The disbanded troops of General Chen Ching-ming have been taken over by Wong Fung.

## EXPECT RELAXATION OF EUGENICS LAW

MADISON, Wis.—There are many indications that a new eugenics law will be enacted at this session of the legislature. It is likely that the senate next week will vote on the bill, which provides for the filing of an affidavit that both members to a marriage contract are free from disease.

Harvard university now has what is thought to be the largest library in existence. With recent additions the collection numbers 2,187,900 books and pamphlets.

## RURAL WELFARE CENTERS ORDERED

MADISON, Wis.—The bill appropriating the funds received from the federal government for maternity and infant health work in Wisconsin has been signed by Governor Blaine. The act of the legislature authorizes the use of the federal funds "heretofore received and hereafter received" by the state. Wisconsin becomes the thirty-sixth state to accept the provisions of the federal act. The major activities in Wisconsin to be aided by these funds are the operation of the Child Welfare Centers in rural districts.

# In Doubt About the Sunday Dinner? The Market Basket Is Always a Safe Guide

## YESTERDAY IN THE LEGISLATURE

### ASSEMBLY

Bills engrossed:  
By Peltier, relating to hunting and fishing in certain counties; by Weber, relating to county hospitals and issuing of bonds therefor; by Timmerman, relating to disposal of old records in first class cities; by Liebe, relating to county aid for agricultural societies.

Bills passed:  
By Sachjen, fixing interest rates of small loan companies; by Minier, establishing state board of chiropractic examiners; by Perry, providing for village manager plan; by Olsen, relating to publication of reports, by first class cities; by taxation committee, authorizing first class cities to provide uniforms for city officers and employees at not less than cost.

Bills passed to third reading:  
By Cashman, relating to days of rest for firemen in fourth class cities; by Tensdale, relating to disposition of dependent and neglected children; by Czerwinski, relating to libraries and museums in first class cities; by Czerwinski, relating to special assessments for street improvements; by Bigden, relating to powers of town boards; by Staudenmayer, relating to distribution of statistics.

Bills concurred in:  
By Barber, relating to issuance of injunctions in labor disputes; by Tensdale, relating to hawkers, showing transient merchants; by joint finance committee, making appropriation for attorney general; by joint finance committee, relating to fees for state superintendent; by joint finance committee, making appropriation for conservation fund.

Bills killed:  
By Oliver, appropriating sum of money for Frank Steward for injuries received at state reformatory; by Perry, relating to publication of laws in pamphlet form; by Laffey, relating to board of trustees of county institutions; by committee on municipalities, empowering village boards to regulate

apartment houses; by committee on municipalities, relating to women police officers in certain towns; by senate state affairs committee, relating to cold storage meats.

### SENATE

Bills engrossed:  
By Tensdale, relating to powers of school district meetings; by Tensdale, relating to school district referendum on bonds; by Titus, \$5,000 appropriation to Barcock experiment station.

Bills passed:  
By A. E. Smith, establishing one-man conservation commission; by Eber, relating to locomotive equipment.

Bills sent to third reading:  
By Price, granting home rule to counties; by Lindahl, relating to collection of personal property taxes; by I. C. Hanson, relating to cold storage; by Kiesner, relating to ballots for submitting constitutional amendment; by

Matheson, relating to banks; by Perry, relating to construction of water sewers; by Sachjen, relating to Dane county superior court; by Olsen, relating to assessment of taxes in Milwaukee; by Dahl, relating to board of control secretary; by tax committee, relating to dissolution of utility companies.

Bills killed:  
By judiciary committee, establishing two additional court circuits for Milwaukee; by state affairs committee, doing away with centralized coal purchase; by A. C. Johnson, relating to foreign exchange dealers; by Sachjen, relating to inheritance taxes; by Zirlow, relating to detachment of territory from cities and villages.

Bills signed by the governor:  
By Ridgway, permitting creation of memorial commissions; by Barker, increasing penalty for mistreating children; by Kamke, exempting clearings

from agricultural assessments; by E. H. Johnson, relating to election of county boards; by Price, relating to Memorial day exercises; by Sachjen, increasing power of divorce counsel.

### AMUR MINES LACK CAPITAL

VLADIVOSTOK.—The government still is in search of foreign capital to work the natural riches of the Primur region, and foreigners may take up concessions on advantageous terms. A significant fact is that there are more Japanese coming into this part than are leaving. Some American miners from Alaska also have come to Vladivostok with money, and intend to take up gold mining in the Okhotsk and other districts where gold is known to exist.

At one period Russians believed that headless men were soulless; that is why even now almost every Russian man wears a beard.

## EDUCATORS PRAISE THE BLOMBERG BILL

MADISON, Wis.—The Blomberg bill looking to a more equitable distribution of common school funds was unqualifiedly endorsed by education authorities during a joint hearing of the education committee Thursday.

John Callahan, state superintendent, and C. J. Anderson, assistant superintendent, urged the passage of the bill, as did Lieutenant Governor Conings.

URGENT AID TO VETS  
NEW YORK.—President Harding, members of congress, governors and the American people were called upon by the Citizens' Committee of America to aid disabled veterans who will be deprived of aid with the lapse of the federal rehabilitation period.

KIDNAPED BOY FOUND  
WATERTOWN, N. Y.—Vernor Alexanderson, six, of Schenectady, who was kidnapped from his home Monday was found Thursday in a small cottage at Stony Point, deep in the woods along Indian river, three miles south of Theresa.

PAINT PLANT BURNS  
SUPERIOR, Wis.—The south wing of the Superior Paint company's plant, was completely wiped out by a \$20,000 fire at two o'clock Friday morning.

## AMERICANS DRAIN EUROPEAN MARKETS OF ART TREASURES

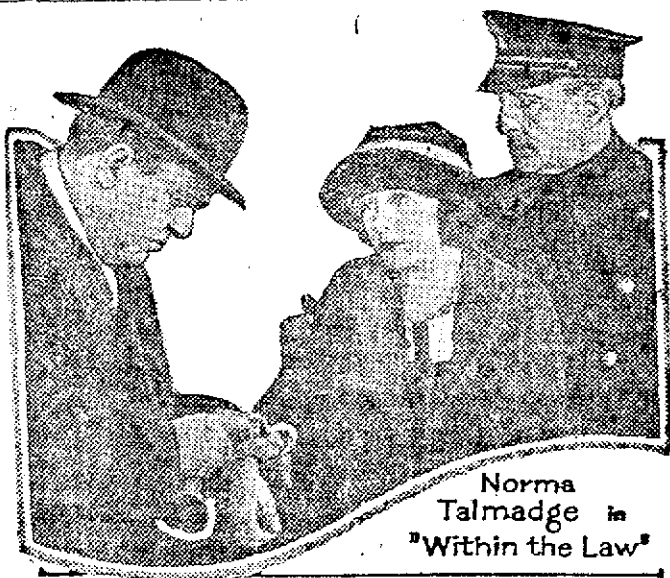

Art Works Valued at Over Thirty Millions Imported from Europe Last Year

NEW YORK.—Americans purchased more art works in Europe last year than in any year since the beginning of the war, estimates for the year fixing the value of such importations at \$35,000,000. Whether this increase is due to a growing interest in the United States for material of this character, or to greater willingness on the part of Europeans to permit their treasures to pass to other parts of the world is a moot question.

Importations of art works in the four years since the war have averaged \$26,000,000 a year, compared with approximately \$17,000,000 annually during the period of the war. The total value of such imports since 1910, the year following that in which import duty was removed from works of art 20 years or more older, is about \$350,000,000 at an average of about \$28,000,000 a year.

It is estimated that at least \$150,000,000 of the \$175,000,000 worth of art works imported since the war came from Europe. England, France and Germany for many years were the largest contributors to those imports, but in recent years Italy has replaced Germany in the list. A large proportion of the art works are described as "more than 100 years old." In 1921, the latest complete year for which figures are available, importations of art works "more than 100 years old," aggregated \$13,000,000 out of the total of \$22,000,000. Original paintings, drawings and pen sketches formed \$5,000,000 and the remaining \$4,000,000 worth included statuary, stained and painted window glass, and a limited number of works produced by American artists residing temporarily abroad.

In early spring on the Pacific, large schools of herring come to the coast.

## U. OF M. FINANCES PASS IN SENATE

LANSING, Mich.—The University of Michigan appropriation bill calling for an expenditure of \$4,007,000 was passed by the senate Thursday, together with the general institutional building bill which appropriates another \$3,000,000 for the biennial period. Other bills that passed the upper house were: "The Ku Klux Klan" measure forbidding the wearing of masks in public, the land reclamation bill and the reforestation bill.

In the house the Smith weight tax measure may reach a vote Friday. The Sligh bill providing for sterilization of mentally defective and feeble-minded persons passed the house Thursday by a 58 to 39 vote. It was the first important bill passed by the legislature this session upon demand of Michigan women.

LENINE ABOUT SAME  
MOSCOW.—The general condition of Premier Lenine is satisfactory.

says the bulletin issued by his physicians at midnight. His temperature was 98.4 Fahrenheit, pulse 96 and respiration 20.

## FEAR GERMAN RIVALRY IN MARITIME FREIGHTS

Defeated Nation Again a Competitor in World Trade; Recovery is Remarkable

LONDON.—Germany has once more become a competitor in the sea-carrying trade of the world, says Archibald Hurd, an authority on maritime matters, in commenting upon the recent defeat in Congress of President Harding's ship-subsidy legislation. "The recovery of that country," says Mr. Hurd, "is one of the most remarkable, if the least generally recognized, events of the last four years."

"When the war broke out," continues this writer, "Germany possessed more than 5,000,000 tons of shipping. She ranked as the second greatest sea-carrying power in the world, and had created an efficient organization in every foreign port for dealing with passengers and cargoes. Under the Versailles Treaty she was compelled to surrender virtually all her sea-going ships, and was left with only about 400,000 tons of steam tonnage. Today, as the result of the

thrift and industry of her workers, she possesses a merchant fleet of about 2,500,000 tons, and by the end of the present year will own about 3,000,000.

"The Germans have built a great volume of new tonnage at very cheap rates and they have bought and are still buying, second-hand tonnage in England and the United States and are paying cash for it. There is no country east, west or south which is not now visited by German ships, and month by month the number of vessels employed at sea is being steadily increased."

"There has been little unemployment in Germany since peace was signed. The whole population, numbering 70,000,000, has been hard at work laboring as a rule strenuously for long hours and at low wages. They have been creating an immense amount of wealth and that wealth has not been exported to any considerable extent. In the main Germany has been re-equipping all her industries, and is now probably the most

# A Big Fight Looms Over Immigration

JUDGE GARY, of the United States Steel Corporation, said a few days ago that "America is faced by a shortage of labor due principally to the laws restricting immigration. These laws, as passed, are the worst things that ever happened to this country economically. There is a great abundance of labor on the other side of the water that would be glad to come over and develop our resources." In a later statement he explained that he does not defend unrestricted immigration but that he would have the restrictions so modified that the "number allowed to come here should be equal to the necessities of our industries." Judge Gary is supported in his contention by the leading financial papers.

The majority opinion as reflected in the editorial columns of the daily press seems to line up with Labor rather than with Judge Gary in this heated controversy.

Secretary of Labor Davis, in a report to President Harding, says: "It is unnecessary to point out the evil of throwing open the gates at a time of prosperity in order to flood the country with workers and non-workers whose very presence would serve to bring prosperity to an end."

All sides of this important question, which undoubtedly will be carried into Congress, are presented in THE LITERARY DIGEST this week, May 5.

Some of the other important articles in THE DIGEST are:

## In Leading Theaters---FUN from the PRESS

is as popular on Main Street as on Broadway. By means of this rollicking reel the latest funny story from Manhattan is flashed on the screen in Oskaloosa; and the drollest doings from Oskaloosa convulse the audiences on the Gay White Way. It is the nation's Ambassador of Good Cheer, broadcasting the merriment and humor of each section of the country to every other part. Hundreds of requests for this mirthful movie have been received by The Literary Digest from theatrical directors in towns of five thousand and

less. But "FUN from the PRESS" is also international. It contains the best of the comic comments on the questions of the hour, the funniest yarns, and the cleverest banter of the newspaper jokesmiths from every quarter of the globe. It produces more laughs per foot of film than any other cinema entertainment. And a new edition is compiled weekly. Watch for it at your favorite motion-picture theater. FUN from the PRESS produced by The Literary Digest. Distributed by W. W. Hodkinson Corporation.

It is a mark of distinction to be a reader of
